From the President

For over 100 years, Northern Seminary has been training pastors to lead local churches to engage the world. With the addition of new degree programs and live streaming technology, we are positioned to strengthen the body of Christ and transform the world. Students from Naperville and the Netherlands are connected to our seminary, and I am grateful that you too have chosen Northern.

We are a thoughtful, prayerful, vibrant people of faith. We believe that God calls and gifts women and men to bear witness to the power of the resurrection through the local church. Our classroom experience will connect you to friends from diverse cultural backgrounds and churches from a variety of settings. Our hope is that you will be equipped with a renewed passion for your work and a desire to evangelize our world with the gospel. With a strong biblical foundation and under Christ’s authority, we will commission you to minister and to live on mission wherever the Spirit sends you.

Inside this catalog, you’ll find a menu of training opportunities to enhance your witness. Our faculty have designed these courses and programs with you and your congregation in mind. Their robust scholarship and faithful discipleship offer examples for all of us to emulate. When you enter the classroom, when we stream these courses to your laptop, or when you visit our Lawndale, South Side, or Greater Cincinnati Centers, you will find teachers and students who care about you personally and who are committed to be with you throughout your Northern journey and beyond.

As you continue your journey at Northern, my hope is that you will “know Christ and the power of his resurrection.” Our seminary is committed to partnering with you and your congregation to live Christ’s call.

Sincerely,

William D. Shiell
President
Mission Statement
Northern Seminary, a community of faith and learning, educates Christian leaders to be spiritually mature, biblically grounded, theologically competent, pastoral, evangelistic, and prophetic. We deliver a multi-denominational educational experience that is international, interracial, and intercultural to prepare women and men called by God and empowered by the Holy Spirit to advance and nurture the ministries of the Church. We teach the gospel of Jesus Christ as Lord and Savior and the authority of Scripture.

Vision Statement
To lead the church and engage the world, we will ignite Spirit-led innovation; form and graduate resilient, mature and joyful students; and deliver personal, accessible and affordable biblical training to disciples.

Statement of Faith
At Northern Seminary, our life of worship, instruction, prayer and fellowship together centers on our shared commitment to Christ Jesus. In this statement of faith, we seek to model unity in the same spirit that was proclaimed by the New Testament Church.

The Bible is the revealed Word of God, given by the Holy Spirit through chosen authors, and so is fully inspired, authoritative, and the sufficient rule of faith and practice for the believer.

God exists eternally in three persons who are revealed in Scripture as Father, Son, and Holy Spirit. While these three are one, each has a special office and activity: God the Father is the source, support, and end of all things; God the Son born the Holy Spirit virgin Mary, is the means of revelation and redemption by virtue of his incarnation, life, death and resurrection; God the Holy Spirit is the one who inspires people, reproves the world because of sin, regenerates and sanctifies the believer, and now represents the Son on earth.

Creation is the act of God by which the universe and all that is in it was brought into existence; the universe is preserved by natural law which is an expression of God’s will; at the same time, God’s miraculous working is not excluded from nature, as a means of making known the plan and purpose according to the pleasure of God’s will.

Humanity was made in the image of God and originally sinless. Men and women are fallen in Adam, and are now by nature and choice sinners, living in revolt against God their Creator, and are unable to escape from their sinful state on their own.

God’s only way of reconciling sinful humanity to Himself is provided in the work of Christ, the incarnate Son, fully human and fully divine; in His sinless life, His sacrificial death on the cross, His resurrection, His ascension, and His present intercession, He reveals at the same time God’s grace and loving provision for humanity. Humans are reconciled unto God only as they by faith receive salvation and follow Jesus as Lord.

The Church is that universal and spiritual body which includes all the redeemed of which Christ the Redeemer is the head; the church in the local and visible sense is a group of believers, who make a
profession of faith in Christ, united under the direct, personal, undelegated lordship of Christ, voluntarily joined together for the worship of God, service to others, and for carrying out the work of the Great Commission as given by Christ.

The ordinances include Baptism and the Lord’s Supper. Jesus commands us to make disciples of all nations, teaching them, and baptizing them in the name of the Father, Son, and Holy Spirit (Matthew 28:19-20). Baptism symbolizes the death of the old life and the rising of the new. Jesus instituted the Lord’s Supper symbolizing His atoning death, and Himself as the Bread of Life, the one through whom we have spiritual life and vitality.

The second advent of Christ is His personal return by which the present age will be terminated. The ultimate hope of the believer is not in history but in the great eschatological event by which the present age is brought to its conclusion. The culmination of history takes place in the final judgment in which the unredeemed will suffer eternal separation from God, and the redeemed will enter into a state of eternal peace and righteousness, worshipping God.

Community Standards
Every Christian believer is called by God’s grace into sanctified living to become more Christ-like in holiness. We affirm the intrinsic value of every human being, the tragedy of sin and the power of redemption in every area of human life. Especially because a Seminary seeks to develop leaders for the Church, we hold one another to high standards in our work, study, relationships, and ministry, seeking to develop spiritual maturity that evidences the fruit of the Spirit. Commitment to faithful living in Christ produces a radical common witness to God’s power at work to redeem, restore, and empower God’s people to transform the world.

Christian formation and community are foundational to these Standards. All members of the community, employees, students, and board members are called to love and respect one another regarding the diversity of denomination, race, ethnicity, nationality, culture, age, sex and calling. We conduct ourselves with charitable civil discourse in all interactions including those on social media and classroom discussions. Our community’s intent is to practice pastoral sensitivity, gentleness, compassion, theological acuity, and biblical fidelity. We recognize that human sexuality is a complex, deeply personal matter. We understand the Bible to teach that marriage is a covenant between a man and a woman. We aspire to live in relationships that model the relationship between Christ and His bride, the Church.

All members are expected to refrain from behavior that destroys community and the personal wholeness which Christ purchased through His life, death, and resurrection. These include, without limitation, misogyny; sexual harassment; racial discrimination; physical, emotional, or sexual abuse (including intimidation or bullying); threats to health and safety of others; disrespect to Seminary employees and students; academic or personal dishonesty; sexual relations outside of marriage; the use of pornography; theft; substance abuse; and financial misconduct.

The Seminary may deny admission, place on probation, suspend, expel, withhold a degree, terminate employment, and/or take other action in response to personal conduct outside of these Standards. See the Northern Seminary Catalog, Faculty Handbook, or Employee Handbook for policy statements governing institutional disciplinary processes.

Policy against Sexual Assault, Misconduct and Sexual Violence, Domestic Violence and Stalking, Dating Violence

Northern Seminary Policy Statement

Northern Seminary is committed to the safety and security of all students and visitors to its centers. All members of the Northern Seminary community, including but not limited to students, faculty (including adjunct and affiliate faculty), staff, volunteers and independent contractors are subject to this policy.

In the event of a reported instances of Sexual Violence, Dating Violence, Domestic Violence, and Stalking, the Seminary shall uphold:

The Secretary of Education amends the regulations implementing Title IX of the Education Amendments of 1972 (Title IX). The final regulations specify how recipients of Federal financial assistance covered by Title IX, including elementary and secondary schools as well as postsecondary institutions, (hereinafter collectively referred to as “recipients” or “schools”), must respond to allegations of sexual harassment consistent with Title IX’s prohibition against sex discrimination. These regulations are intended to effectuate Title IX’s prohibition against sex discrimination by requiring recipients to address sexual harassment as a form of sex discrimination in education programs or activities. The final regulations obligate recipients to respond promptly and supportively to persons alleged to be victimized by sexual harassment, resolve allegations of sexual harassment promptly and accurately under a predictable, fair grievance process that provides due process protections to alleged victims and alleged perpetrators of sexual harassment, and effectively implement remedies for victims. The final regulations also clarify and modify Title IX regulatory requirements regarding remedies the Department may impose on recipients for Title IX violations, the intersection between Title IX, Constitutional protections, and other laws, the designation by each recipient of a Title IX Coordinator to address sex discrimination including sexual harassment, the dissemination of a recipient’s non-discrimination policy and contact information for a Title IX Coordinator, the adoption by recipients of grievance procedures and a grievance process, how a recipient may claim a religious exemption, and prohibition of retaliation for exercise of rights under Title IX.

Further information about Title IX and sex discrimination in education is available from the U.S. Department of Education’s Office of Civil Rights (Citigroup Center, 500 W. Madison Street, Suite 1475, Chicago, IL 60661-4544, Tel: (312) 730-1560, TDD: (877) 521-2172, Email: OCR.Chicago@ed.gov).

In the event of a reported instance of Sexual Violence, Dating Violence, Domestic Violence, or Stalking, the Seminary shall uphold the following:

- **Actual Knowledge:**
  Northern Seminary is not obligated to take action unless we receive actual knowledge of allegations of sexual harassment. The seminary will have actual knowledge if a report is made to the Title IX Coordinator or any official of the seminary who has authority to institute corrective measures on behalf of the school.

- **Jurisdiction:**
  Northern Seminary is only responsible for addressing sexual harassment that occurs
under an education program or activity. The seminary can choose to address incidents outside its jurisdiction but does not have to do so. Title IX does not apply to incidents occurring outside the United States, such as during a study abroad trip.

- **Standard of Proof:**
  Northern Seminary can choose the burden of proof for Title IX adjudications: the lower burden of "preponderance of the evidence," or the higher burden of proof, "clear and convincing."

- **Live Hearing:**
  We will provide for live hearings for formal complaints of sexual harassment. The seminary will create an audio or audiovisual recording or transcript of the live hearing and make it available to the parties for inspection.

- **Cross-Examination:**
  Cross-examination at the live hearing must be conducted directly, orally, and in real time by the party's advisor and never by a party personally.

- **Single-Investigator Model:**
  Northern Seminary is committed to using an investigator for the Title IX cases and not the Title IX Coordinator. The investigator cannot be the same person who determines whether the respondent is guilty.

- **Students' Rights:**
  The investigator must provide all parties an equal opportunity to examine all evidence gathered during the investigation that is directly related to the allegations. A copy of the investigative report must be given to the parties at least ten days prior to the hearing.

- **Respondent's Right:**
  The Title IX Coordinator must tell respondents in writing they are presumed innocent until determined to be guilty. A respondent cannot be summarily expelled from the seminary unless the respondent poses an immediate threat to the physical health or safety of the complainant (or anyone else).

- **Informal Resolution:**
  Northern Seminary can offer informal resolution options, such as mediation, to the parties, but both parties must give voluntary, informed, written consent. Note that the seminary cannot offer informal resolution for allegations that an employee sexually harassed a student.

**Recordkeeping Requirements:**
Northern Seminary must maintain Title IX records for seven years

**Title IX Coordinator, Kate Boatwright, kboatwright@seminary.edu**

**Greg Armstrong, grarmstrong@seminary.edu**

The first form involves unwelcome verbal, electronic, physical and/or visual conduct based on sex, which both (1) unreasonably interferes with a person’s work or educational performance, and (2) creates an environment that both a reasonable person and the specific person being harassed would find intimidating, hostile or offensive. The second form involves either:

- submission to unwelcome advances of a supervisor as an express or implied condition of receiving work or educational benefits, or
- a tangible work or educational detriment resulting from a person’s failure or refusal to submit to sexual demands of a supervisor. Examples of sexual harassment include (but are not limited to):
  - Unwelcome sexual flirtation or advances.
  - Offering employment, promotions, grades, or other benefits in exchange for sexual favors.
  - Making or threatening reprisals for refusing sexual advances.

  - Unwelcome verbal or electronic conduct such as derogatory comments; epithets; slurs; sexual innuendo; sexual jokes; graphic verbal commentaries about a person’s body; and sexually degrading words used to describe a person.
  - Unwelcome physical conduct such as unwarranted, suggestive, or offensive touching; and impeding or blocking movement.

b. **Sexual Assault** refers to any sexual act directed against another person, forcibly and/or against the person’s will; or not forcibly or against the person’s will where the survivor is incapable of giving consent, as well as incest or statutory rape. Examples of sexual assault for purposes of this policy include but are not limited to:

- Intentional touching of another person’s intimate parts without that person’s consent;
- Other intentional sexual contact with another person without that person’s consent;
- Coercing, forcing, or attempting to coerce or force a person to touch another person’s intimate parts without that person’s consent; or
- Rape, which is penetration, no matter how slight, of (1) the vagina or anus of a person by any body part of another person or by an object, or (2) the mouth of a person by a sex organ of another person, without that person’s consent.

c. **Domestic Violence** includes felony or misdemeanor crimes of violence committed by

- A current or former spouse or intimate partner of the survivor.
- A person with whom the survivor shares a child in common.
- A person who is or was residing in the same household as the survivor; or
• Any person against someone who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.

d. **Stalking** occurs when someone engages in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or suffer substantial emotional distress.

e. **Dating Violence** refers to violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the survivor.

2. **Definition of Consent** - Consent is a freely given agreement to sexual activity, a person's lack of verbal or physical resistance or submission resulting from the use or threat of force does not constitute consent, a person's manner of dress does not constitute consent, a person's consent to past sexual activity does not constitute consent to future sexual activity, a person's consent to engage in sexual activity with one person does not constitute consent to engage in sexual activity with another, marital relationship does not constitute consent, a person can withdraw consent at any time, and a person cannot consent to sexual activity if that person is unable to understand the nature of the activity or give knowing consent due to circumstances, including without limitation the following:

(A) the person is incapacitated due to the use or influence of alcohol or drugs

Further, reports may be made anonymously according to the desire of the reporting party.

ii. Amnesty Clause - The Seminary agrees to give amnesty for policy violations that may surface as a result of a report of violence. b. The seminary will work with local law enforcement to ensure the immediate physical safety of the reporting party.

c. The Seminary will assist the victim in gaining access to medical services, counseling services, and pastoral care services as needed. Further, the seminary will assist students in paying for counseling services in the event of a report.

d. The Seminary will provide the contact information for local and national sexual violence support centers.
e. The Seminary will maintain confidentiality in all matters pertaining to an instance of sexual violence according to guidelines established by FERPA and other legislation.

f. Pertaining to course work, victims of sexual assault will be offered full access to extensions on coursework according to existing Seminary guidelines. The Confidential Advisor will arrange for these extensions upon request by the victim but will not disclose details of the incident when contacting faculty.

g. In the event that an incident of sexual violence results in the victim wishing to withdraw from Seminary, the student will receive a full refund on any payment made on the unfinished quarter and on any money paid in advance for future quarters.

h. While individuals named as aggressors are entitled to a fair hearing, the Seminary will act primarily to protect the alleged victim until such a time as the alleged sexual violence is found to be false. False reporting is largely a myth and represents a statistically insignificant number of sexual violence reports.

i. The above listed rights and services shall be offered and discharged regardless of the sex, gender, sexual orientation, and gender identity of both the victim and alleged aggressor.

5. Internal Hearing Process, Sanctions, and Appeal

a. In instances where the alleged aggressor in an instance of sexual violence is also a Northern Student, Northern Seminary commits to conducting a fair hearing based on initial report, witness statements, physical evidence which can be reasonably interpreted by Seminary staff, and the testimony of the accused. This hearing will be conducted separately from any legal action taken because of reports made to law enforcement agencies. The hearing procedure is as follows:

i. The alleged aggressor will be informed of the reported violation only after the safety of the victim or reporting party has been assured. Further, the alleged aggressor will not be notified by the school until local law enforcement has had an opportunity to response. The victim may or may not be present for the hearing according to the desire of the victim. The victim may choose to enter an additional written statement if they do not wish to be present.

ii. The Seminary promises to hold the hearing within 30 days of the initial report unless pending legal action prevents the alleged aggressor from being present for the hearing.

iii. The hearing will be carried out by the Dean of Academic Affairs in cooperation with the President of Northern Seminary. The Dean’s Office team will make all decisions regarding sanctions and their decisions may be appealed to the Board of Trustees according to procedures outlined in the next section “c” of policy item 5.
iv. The Dean’s Office team will consider all information and evidence before reaching a sanctioning decision. The Dean’s Office Team may take up to 48 hours to reach a decision and, within that time frame, may request an additional hearing time if one is deemed necessary.

v. The Dean’s Office will clearly and promptly communicate all sanction decisions with the alleged aggressor within 24 hours of reaching their decisions. This sanction meeting should take place in person and should be scheduled at the conclusion of the hearing.

vi. The Dean’s Office must ensure that all sanctioning decisions are upheld according to the timeframes laid out below.

b. At the conclusion of the hearing process, if the alleged accuser is found to be in violation of the sexual violence policy, that individual shall be subject to some or all of the following sanctions according to the discretion of the Hearing team.

i. **Expulsion**- Individuals found to have violated the Sexual Violence policy may be subject to immediate expulsion. This expulsion must be carried out according to all policies which apply to the expulsion of a student under other circumstances.

ii. **Suspension**- Individuals found to have violated the Sexual Violence policy may be subject to immediate suspension. Suspension can last for up to a full academic year and return to Northern Seminary may be made contingent upon completion of additional restorative sanctions.

iii. **Restorative Justice**- In some circumstances, Individuals found to have violated the Sexual Violence policy may be subject to sanctions which are intended to assist them in their rehabilitation, mental health, and spiritual restoration. This sanction may only be applied if it does not directly contradict any legal decision. Additionally, this sanction may only be applied if the Hearing Team can reach a level of reasonable certainty that the physical, mental, and emotional safety/wellness of the victim would not be compromised by seeking restorative Justice. Restorative justice may not be offered in instances where the student will be expelled as expulsion constitutes a termination of relationship between the Seminary and the alleged aggressor.

iv. **Bar from Grounds**- Individuals found to have violated Sexual Violence policy may be barred from entering the ground of Northern Seminary. Students who violate this ban will be subject to legal action.

v. **Hearing Fee**- Individuals found to have violated the Sexual Violence Policy shall be subject to a $250 hearing fee to cover the administrative cost of the hearing process.

c. **Appeals**
i. Both the alleged aggressor and the victim have the right to appeal the decision of the Hearing Team to the Office of the President.

ii. In the case of such an appeal, the President may decide whether to uphold or overturn the entire ruling of the team. Additionally, the President may adjust the sanctioning decisions of the team provided the sanctions remain within the options outlined above.

iii. The President will clearly communicate their timeline for reaching an appeal decision and that timeline must be reasonable.

iv. All sanctions remain in effect, and their timelines must be honored, during the appeal.

6. Commitment to Ongoing Training

   a. Confidential Advisor- The confidential advisor will receive a minimum of 40 hours of training within the first 6 months of their appointment. Further, the Confidential Advisor will be expected to complete at least 10 hours of training per year of appointment.

   b. Staff/Faculty- Faculty and Staff will be expected to attend at least one mandatory training on how to support victims of sexual assault per academic year. This training will be facilitated either by the Confidential Advisor or by a community resource center.

   c. Students- Northern Seminary will offer annual training opportunities for students which will focus on educating them on Northern’s Sexual Violence policy, available resources, and reporting procedures. Additionally, the Seminary will create an annual opportunity for students to participate in training which focuses on equipping students to identify, prevent, and escape sexual violence in their own lives.

History of the Seminary

Like many theological seminaries in the United States, Northern Baptist Theological Seminary began as a “protest school.” By the second decade of the twentieth century, many evangelicals in the old Northern Baptist Convention (now the American Baptist Churches, USA) were concerned about the spread of theological liberalism within the denomination. In 1913, a group of lay people from the Second Baptist Church of Chicago decided to establish a new seminary committed to preparing men and women for effective service as pastors, educators, missionaries, and evangelists within an evangelical theological context.

Northern’s first president was Dr. John Marvin Dean, pastor of Second Baptist Church of Chicago, and its first student was Amy Lee Stockton of California, who went on to become an effective evangelist and Bible teacher. Classes were held in the Second Baptist Church for the first few years. In 1918, in the middle of the Spanish Influenza outbreak and at the end of World War 1, President George Taft met with Illinois Baptists to discuss Northern’s future. The seminary was growing and needed larger facilities to train educated pastors to preach the gospel. The following year, Illinois Baptists donated money to purchase a mansion on West Washington Boulevard and moved the seminary out of the basement of Second Baptist Church. In 1919 Northern moved to its new campus on Chicago’s west side and in 1920 was recognized by the Northern Baptist Convention as one of its seminaries. In its early history, Northern, like many other theological schools of the time, had both undergraduate and graduate programs for the training of Christian workers. During the 1960s, these two programs separated, and the undergraduate program became Judson College of Elgin, Illinois.

The twenties, thirties, and forties were difficult years for traditional American denominations, which found themselves caught up in fierce debates over theological diversity and the control of institutions. During those decades, Northern Seminary played an important role in leading the more conservative evangelical forces in the Northern Baptist Convention but resisted mounting pressures to separate from the denomination. Northern championed a broadly evangelical position distinct from liberal and fundamentalist extremes. Long before it became fashionable elsewhere, Northern also pioneered in its commitments to women, ethnic minorities, and internationals in ministry.

When during the 1940s many conservatives called for a “new evangelicalism,” Northern provided impressive leadership. Northern graduates served in significant numbers on the founding faculties of Fuller Theological Seminary (1947) and Denver Conservative Baptist Seminary (1950). They founded many of the newer para-church organizations that revitalized American religious life after World War II. The founder of Youth for Christ was a Northern graduate; many of the early editors of Christianity Today magazine, including Carl Henry, Harold Lindsell, and Gilbert Beers, had either graduated from or taught at Northern. In addition, international evangelist and historian of revival, J. Edwin Orr, and Kenneth Taylor, who published the Living Bible and founded Tyndale House Publishers, are Northern alumni. Other Northern graduates have served with great distinction as pastors, missionaries, educators, and evangelists, just as the founders of the seminary envisioned.
Northern has graduated a significant number of ethnic leaders from all over the world, including Hispanics, Asians, Africans, and African-Americans. Northern recruited African-Americans during those years when many southern schools refused them admission. Miles Mark Fisher, the first black graduate from Northern (1922), was recognized by Ebony magazine as one of the top black preachers in America in 1954. Louis S. Rawls (1938) made a prodigious contribution to the Kingdom serving as pastor of Tabernacle Baptist Church in Chicago, launching ministries such as Tabernacle Hospital, funeral homes, senior citizen housing, and the Chicago Baptist Institute. Bill Bentley, a 1960 graduate, organized the National Black Evangelical Association and contributed much to racial reconciliation among evangelicals.

During the 1960s, Northern moved to its Lombard campus. While staying true to its tradition, Northern continued to develop new programs and perspectives for ministry. Under Dr. Ian Chapman, Northern's seventh president, the seminary renovated its campus, built the Lindner Conference Center, added new academic programs, dramatically increased its endowment, and positioned itself as a leader among evangelical schools in North America and around the world. The year 2001 was one of transition as Dr. Chapman retired as president and became the seminary’s chancellor, and Dr. Charles Moore was elected president. He served until 2006, at which time John Kirm became the interim president. In 2008, Northern opened a new center on the West Side of Chicago in partnership with Lawndale Community Church and Dr. Wayne “Coach” Gordon. In 2008, Dr. Alistair Brown was selected as president and served until 2016. In 2016, Dr. William Shiell was selected as president, beginning an exciting new era at Northern Seminary.

After more than 50 years at our Lombard campus, in 2017 the seminary took a major step forward to make Northern more accessible, affordable, and contextual for the changing world. Northern embraced a new future by relocating its main campus to a state-of-the-art facility in Lisle, Illinois, opening a site on the South Side of Chicago, and expanding its programs delivered on the West Side of Chicago and its live-streaming programs through “Northern Live.”

In 2018, Northern opened a new center in Fairfield, Ohio, in partnership with Tabernacle Bile Church City of Promise. In 2020, we launched a new on-demand platform in partnership with InterVarsity Press called Seminary Now. This new service provides access to course content on a subscription basis to anyone regardless of education.

Northern retains a unique style. We are evangelical, culturally, and socially engaged, and racially diverse. We are convinced that effective ministry today demands a special kind of evangelical faith, one that is committed to the truth of the gospel, unwavering in its loyalty to the Scriptures, empowered by the Spirit, reflective of the Body of Christ’s ethnic and cultural diversity, culturally transformative, and unbending in its support of women in ministry.

Location and Facilities
Northern Seminary operates three centers in the greater Chicago area, and one in virtual space.

These are:

- **The Lisle Center** - The main center, located at 410 Warrenville Road in Lisle, is easily accessible to downtown Chicago, as well as O'Hare and Midway Airports. Aside from classroom space, and staff and faculty offices, the Lisle Center also houses student services, and a student lounge area.

- **The Center for Urban Leadership** - The Center for Urban Leadership offers courses at Lisle and Northern Live.

- **The Lawndale Center** - Established in 2008 in partnership with Lawndale Community Church, on the West Side of the city of Chicago, the Lawndale Center has given Northern students the ability to immerse themselves in an urban setting while studying topics around community development, urban ministry, youth subculture, and much more. It’s home to our master’s and doctoral programs in Christian Community Development (CCD).

- **Northern Live** - Aside from our three physical locations, the seminary also offers classes via its interactive Northern Live streaming technology that enables students to learn and engage directly with classmates and professors in real time from anywhere in the world. This includes the offering of fully distance Master of Divinity (MDiv) and Master of Arts in Christian Ministries (MACM) programs.

- **Center for Women in Leadership** - educates, equips, and empowers women, in a context that is biblically rooted, theologically robust, and ethnically diverse, to thrive as leaders in the church, the workplace, the academy, and the public square. Under the direction of Senior Director Dr. Lynn H. Cohick and Director Tracey Bianchi

- **Center for Theological Integrity** - provides support, mentoring, and training for pastors to remain resilient in ministry. Under the direction of Dr. Mark Quanstrom

- **Grow Center for Church and Mission** - trains marketplace church leaders internationally and provides pastoral care for persons with ALS.

Student Services
Student Services are located on the third floor of the Lisle center. This includes Student Advising and Enrollment, Student Accounts, Supervised Ministry, and the Office of the Registrar.

Student Commons
The student commons area is located on the third floor of the Lisle center. It includes seating and tables for studying and eating, a refrigerator, a sink and countertop space, hot drinks, phone chargers, and a vending machine with both snacks and cold drinks. There is also an accessible
outdoor balcony area with tables and seating. Bulletin boards announcing upcoming events and job opportunities are also located on the monitor in the student commons.

**Community Life**
Northern’s student body is international, interracial, and intercultural. Founded on Baptist principles, Northern includes students from many other denominational affiliations. Students bring their rich and varied experiences into the classrooms, community worship, and Northern events, enriching the lives of others with their perspectives. Every Monday night students are offered the opportunity to partake in a community meal together, provided by the seminary’s Student Services office.

**Library**
The main library is located on the Third Level of the Lisle center. The collection includes more than 35,000 volumes and 40 journal subscriptions. All Northern students, faculty and staff can borrow from the Lisle library. Satellite libraries are located on our Lawndale Center.

The library also offers access to electronic resources. *The ATLA Religion Database* contains over 1.8 million citations and more than 450 full-text journals. *JSTOR* provides access to more than 12 million academic journal articles, books, and primary sources in 75 disciplines. *EBSCOhost* contains more than 8,500 multi-disciplinary full-text journals. The library has also purchased more than 8,000 e-books. These electronic resources can be accessed on campus or remotely.

Another essential resource is the rich network of library consortia available at the local, state, and national levels:

- **Association of Chicago Theological Schools (ACTS)**. The ACTS Library Council members’ combined library collections comprise more than 2 million, 5,000 currently received periodicals and electronic resources. Students, staff and faculty have borrowing privileges at all of the libraries but must abide by the circulation policies of each library. [https://northernseminary.libguides.com/resource/atla_reciprocal_borrowing_program](https://northernseminary.libguides.com/resource/atla_reciprocal_borrowing_program)

- **Consortium of Academic and Research Libraries in Illinois (CARLI)** includes over 135 libraries in the state of Illinois. 90 of these member libraries have joined together to create the I-Share database, which contains over 12.9 million unique bibliographic records and nearly 38 million item records. Current students, faculty, and staff of Northern Seminary may borrow materials directly from any other I-Share library. [https://www.carli.illinois.edu/products-services/i-share](https://www.carli.illinois.edu/products-services/i-share)

- **ATLA Reciprocal Borrowing Program** creates an arrangement between participating North American ATLA Institutional Members to grant check-out privileges to each other’s patrons/students. A Northern student, faculty, or staff can walk into a participating library, shows proof of current enrollment at another participating library, and check out materials based on the library’s local lending policies. More than 70 libraries in the U.S. and Canada participate in this program. Go to: [https://northernseminary.libguides.com/resource/atla_reciprocal_borrowing_program](https://northernseminary.libguides.com/resource/atla_reciprocal_borrowing_program)

- **WorldCat** is the world’s largest network of library content and services, with records of
72,000 libraries in its union catalog. The catalog lets you search the collections of libraries in your community and thousands more around the world. WorldCat contains over 400 million bibliographic records in 491 languages. Interlibrary loan (ILL) privileges are provided to all users if they have an active membership with a library that owns (or can borrow) the item. Some libraries charge a borrowing fee. https://www.oclc.org/en/worldcat.html; https://en.wikipedia.org/wiki/WorldCat

**Books**

Required texts for Northern courses may be purchased through online bookstores. Books listed as “Required Reading” in course syllabi are kept on reserve at the front desk in the Lisle Library.

**Computer Lab**

There are computer terminals available for student use in the library on the third level of the main campus.

**Placement**

The Associate Dean of Student Services/Registrar, and the President are available to counsel and assist seniors in securing placement while students at Northern. The Seminary networks within the American Baptist Churches, USA, as well as with churches and denominational offices outside the ABC, making openings known to students through the Seminary’s website, bulletin boards, and the Supervised Ministry Office.

Academic Programs
In our Master of Arts degree programs and in the Doctor of Ministry Program, Northern Seminary seeks to bring together three key elements. Each of them intersects with the social contexts of ministry today:

- Academic rigor
- Ministry practice
- Spiritual formation

The classical disciplines of Bible, theology, Christian history, and ethics open our minds and hearts for growth in wisdom as leaders in Christ’s church. Practical disciplines like preaching, pastoral care, pastoral leadership and administration, evangelism, and supervised ministry bring us face to face with deeper biblical and theological questions than we have ever asked before. Spiritual formation happens in every classroom, no matter what the subject matter, as well as in special times of prayer and fellowship. One of the great blessings of study at Northern Seminary is that every professor understands him or herself not only as a teacher and scholar, but – most deeply – as a minister of the gospel of Jesus Christ.

Selecting the right program involves candid discussion with family, mentors, and seminary staff. This decision requires careful thought, financial planning, and spiritual discernment. For most of our students it means balancing the many parts of a complex set of personal responsibilities. Most of all, commitment to an academic program at Northern Seminary must be undertaken in a context of much prayer. We are here to partner with you along the way as the Lord guides you.

Master of Arts Programs

Master of Divinity
The Master of Divinity (MDiv) is the flagship academic seminary degree. It is a professional degree and is required for ordination in many denominations. In keeping with the many specializations in ministry today, the MDiv program is flexible and seeks to prepare persons for numerous potential ministry vocations, including pastoral ministry in a local congregation; missions; teaching; leadership in denominational, social service, and community agencies; and chaplaincy in a college, hospital, or military setting. The MDiv (or its equivalent) is also considered the best preparation for those who plan to do PhD work with the goal of teaching in a theological seminary.

Goals of the Master of Divinity Program
The goals of the MDiv program are to prepare men and women for effective, culturally relevant ministry through academic study, ministerial training, and spiritual and professional formation. Specifically, the MDiv program is designed to enable students to:

- Develop a thorough and critical understanding of Christian heritage (Bible, theology, Church History, and ethics).
- Acquire an understanding of the social structures and cultural realities within which Christian institutions live and carry out their missions.
• Grow in spiritual and personal maturity, vital personal faith, and commitment to the practice of ministry.
• Develop the skills of ministry under the supervision of trained personnel.

Description of the Master of Divinity Degree
The MDiv degree consists of 108 quarter hours (equivalent to 72 semester hours) and can be completed in three years of full-time study (i.e., four courses per term), though many students find that four years is a more reasonable expectation, given the complexities of their lives and schedules. The program consists of four parts.

• **Christian Heritage** – 24 quarter hours are required in the Christian Heritage Core. Christian ministry arises from solid biblical, historical, theological, and ethical foundations. Therefore, MDiv students take an additional three required courses and an elective course in both Old Testament and New Testament; three required courses and an elective in Theology; two required courses in Church History; and an ethics course.

• **Cultural Context** – Effective Christian ministry requires an understanding of the socio-cultural contexts that shape how congregants understand and experience the world, as well as the ability to discern and speak intelligently to the pressing issues of our times. Students are therefore required to take six to twelve quarter hours in Cultural Context.

• **Formation and Ministry Skills** – Northern believes the best way to learn ministry leadership is in a ministry context. In the MDiv program, students study and practice the skills of effective ministry leadership under the supervision of a faculty mentor and a pastoral or ministry mentor. Students’ competencies in ministry will be demonstrated in context. The program allows each student’s learning journey to be personalized to address the particular needs of the student and their ministry context.

• **Electives/Specialization** – students may take 15 to 21 quarter hours of electives or specialization courses.

During the first quarter of study, students are assigned a personal Academic Advisor who assists the student with assimilation to seminary life and provides academic counsel from the beginning of seminary studies through to graduation.

Students are required to complete the MDiv within seven years. Extensions must be approved by the faculty. A minimum cumulative Grade Point Average of 2.5 is required to graduate.

Students may transfer up to two-thirds of course work earned at another ATS-accredited theological institution; but they must take a minimum of 36 quarter hours with Northern faculty. The Registrar will determine the number of hours of transfer credit when the student has been admitted to the seminary.

**Master of Arts (Theology and Mission) (MATM)**
The Master of Arts in Theology and Mission is a 54-quarter credit hour (36 semester hours) program meant to equip students for local and sustainable mission by offering a strong biblical and theological basis for understanding God’s mission, and by helping them to develop greater skills in theological reflection, cultural analysis, and building local community.

**Goals of the MATM Program**
The MATM program is designed to enable students to:

- Identify and trace themes of the Mission of God through the Old and New Testaments, into the early church, and into the present work of the Holy Spirit in the world.
- Demonstrate theological faithfulness in their articulation of the Christian understanding of the Triune God and how this shapes the Church for mission.
- Describe historical paradigms for how Church and culture intersect, with added emphasis on understanding contemporary developments in the study of culture(s), Christianity, Christendom, and mission.
- Demonstrate cultural fluency by their ability to listen to and read cultural context and theologically reflect in context.
- Develop a lifestyle that increases the integration of life, work, family, community, and ministry.

**Description of the MATM Program**
The MATM program is designed around 16 required 3-credit courses (with no electives) arranged in four sequences and a 6-credit final thesis. The sequences are intended to be independent of each other, so new cohorts can start each year with whatever sequence is currently being offered. After completing all four course sequences, students will be ready for their final year of study which involves the 17th course, the thesis.

The MATM program will offer pastoral and theological mentoring throughout the program. Northern faculty, and guest practitioners will regularly interact with the MATM cohort, enabling all students to integrate classroom studies with real-life situations. Students are required to complete the degree in 5 years. A minimum cumulative GPA of 3.0 is required to graduate.

Master of Arts (New Testament) (MANT)
The Master of Arts (New Testament) is a 54-quarter credit hour (36 semester credits) program that provides teaching pastors and those interested in pursuing further New Testament scholarship grounding in the theology that emerges from studying the first century context of the New Testament writings. Since the discovery of the Dead Sea Scrolls, there has been a renewed interest not only in Jewish texts but also a greater concern to understand both Jesus and Paul in their Jewish contexts. The rise of what is often called “the new perspective” has shed wonderful light on both Jesus and Paul, but a major problem remains: the lack of translating that very good scholarship into church life and into lay understanding. The MANT will focus on that very task: taking the best scholarship and making it accessible and relevant to the life of the local church.

Goals of the MANT Program
The MANT program is designed to enable students to:

- Demonstrate an understanding of the historical, cultural, religious, and social contexts of the New Testament.
- Identify the influences of Old Testament narratives and first century Jewish life within the New Testament texts.
- Develop a comprehensive contextual theology of the New Testament.
- Apply this comprehensive contextual theology to the mission of the Church today, demonstrating its importance to informing contemporary New Testament understanding and scholarship.

Description of the MANT Program

While addressing the application of the New Testament in the context of church ministry, this remains an academic degree focused on an articulation of a better hermeneutic of the New Testament. Students will be required to master both biblical and cultural exegesis, demonstrated by their successful completion of a concise 50-75 page thesis, professional project, or portfolio. Students can complete the degree program in 3-5 years. A minimum cumulative GPA of 3.0 is required to graduate.

The degree program offers 3 options: (1) Final Thesis Option is designed around 6 hours of credit awarded for the completion of a thesis during the last two quarters of study; (2) NT Professional Project Option is designed around 6 credit hours of credit for the completion of a project that reflects focused attention on the New Testament story and context. Projects could
include popular writing (novel, children’s book), Sunday School or VBS curriculum, website/digital learning; (3) Portfolio Option includes submitting five papers from Northern seminary courses: one paper must reflect NT context; one paper must reflect NT Story; one paper must reflect NT Theology. Additionally, a Reflection Essay of 4,000-5,000 words (approximately 15 pages) is required. The paper engages in the relationship between context and story, with a focus on method, and is a self-reflection on the student’s theological formation. Students will have 2 elective courses (6 total credits).

**Master of Arts (Old Testament) (MAOT)**

The Master of Arts (Old Testament) is a 54-quarter credit hour (36 semester credits) program that provides teaching pastors and those interested in pursuing further Old Testament scholarship grounding in the theology that emerges from studying the Hebrew language and Old Testament text. first century context of the New Testament writings. The MAOT is offered in partnership with Jerusalem University College (JUC) and students MUST attend both institutions to receive the MAOT from Northern seminary. The program provides pastors, church leaders, Bible teachers, and future PhD students experiential and academic knowledge of the Bible in its context by combining JUC’s unique living and learning “in the land” of Israel with Northern’s flexible distance courses.

Students who apply to the Northern MAOT program will also need to complete an application to the in-residence JUC Biblical History and Geography (BHG) 1-year graduate certificate program. Students are responsible to pay application fees to both institutions in this scenario. Upon completing the first year of the Northern MAOT through JUC’s in-residence MA courses, the Northern graduate student will also be awarded a 1-year graduate certificate in BHG provided at least 24 semester hours at JUC have been completed. Students who apply first to the Northern MAOT program may apply for scholarship award from JUC such that it is for the first year of in-residence study necessary for the said degree.

First year Northern graduate students working on the MAOT through study at JUC will be responsible to pay all tuition, room & board, and field study costs as posted on JUC’s website. JUC graduate students who decide to enroll in the MA in OT at Northern will not be able to live in-residence at JUC unless they are simultaneously enrolled in JUC in-residence courses at the same time. As it concerns in-residence housing, JUC will give preference to currently enrolled full-time JUC students and/or first year Northern students working on the MAOT. As it concerns maintaining a student visa to study in Israel, JUC does not guarantee ability to obtain a student visa for part-time students studying at JUC.

If a student decides to take both online Northern courses toward the MAOT as well as JUC graduate courses at the same time, they will be responsible to pay all JUC tuition, room & board, and field study costs as posted on JUC’s website, as well as all Northern tuition and fees as posted on Northern’s website for the respective courses they take. JUC graduate students applying to, or transferring into, the MAOT at Northern, will be responsible to pay all tuition and other costs as posted on Northern’s website.

**Goals of the MAOT Program**

The MAOT program is designed to enable students to:

- Demonstrate an understanding of the historical, cultural, religious, and social contexts of the Old Testament. This is gained through first-hand exposure to the geographical and historical issues that underlie the ancient histories of the lands of the Bible. Students will participate in archaeological surveys and material culture of the ancient biblical world.
• Identify the influences of Old Testament narratives, poetry, and legal texts within the New Testament texts and Christian theology.
• Develop a beginning to intermediate knowledge of biblical Hebrew to enhance study and appreciation of the original text of the Old Testament.
• Apply this comprehensive contextual understanding to the mission of the Church today, demonstrating its importance to informing contemporary Old Testament understanding and scholarship.

Pursuing More than One Master’s Degree

Second Master’s Program after Completing One Program
After completing a MA or MDiv degree at Northern, students may reapply and enroll in a second master’s degree.

Option 1: A maximum of 50% of credits from the smaller degree may count towards both degrees. The Registrar will evaluate the student’s academic record and determine the plan of study based on the amount of permissible overlap for two degrees.

Option 2: If the student relinquishes the first degree, up to 100% of a previously earned MA from Northern may count towards the MDiv. The MA credits will be good for ten years upon graduation. Only one degree will show on the transcript. The MA diploma must be returned to the Registrar’s Office by May 15 the year of graduation.

Dual-Degree Program: MDiv/MA
Students may enroll concurrently in the MDiv and an academic MA (either the MATM or MANT). Since each degree must have its own integrity, a maximum of 27 quarter credits (18 semester credits) of Christian Heritage courses—i.e., Bible, Theology, Church History—may count towards both degrees. The total number of quarter credit hours for a dual degree is 135 (90 semester credits). This dual degree option has a reduced per-credit tuition rate, which requires the student to take the MA courses in the cohort sequence.

Doctor of Ministry Program
The Doctor of Ministry (DMin) degree is the highest earned professional degree for ministry. The DMin programs enables ministry leaders (pastors, chaplains, leaders in mission and para-ministry organizations, bi-vocational business leaders) to undertake doctoral study that is both academically rigorous and deeply engaged in ministry practice, personal renewal, and God’s mission in the world.

The DMin program is based on a cohort model, where groups of students engage in an intentional reflective community of learning where ministry issues and opportunities are seen in
light of the Bible, theology, culture, and our shared focus on Christ’s mission. During intensive course weeks, faculty and students provide insight, raise questions, and facilitate dialogue, which leads to fresh ministry responses in each person’s ministerial context.

Goals of the Program
The DMin program is designed to enable students to:

- Think biblically and theologically in context about critical issues related to ministry.
- Integrate theological, cultural, and missional perspectives with ministry.
- Analyze issues relevant to ministry in order to improve skills in ministry.
- Integrate enhanced knowledge with growth in one’s ministerial capacity and spiritual maturity.

Program Completion Time
The time to complete the program is seven years. At the end of the seventh year a program extension must be requested through the DMin Committee. A Program Continuation Fee will be charged annually at the start of the eighth year. The maximum limit for completion of the program is ten years. A minimum grade point average of 2.7 is necessary for graduation.

Full-Time Status
In order to be considered a full-time student in the DMin program, you must register for at least 8 hours of credit each year. To prevent student loans and/or deferments from being withdrawn, a student must be registered as a full-time student.

Curriculum
The Doctor of Ministry program requires the completion of 36 quarter-hours of study. Students engage in 3 required core courses, 4 classes within an area of specialization, and the development of a ministry project that culminates in a written thesis. Each course is offered in a one-week intensive format.

| 12 quarter hours | Required Core Courses |
| 8 quarter hours | Thesis Project, Research and Writing |
| 16 quarter hours | Specialization Courses |

Course Content

- **Pre-Course Work**
Prior to each intensive course, students complete reading, reflection, and the development of projects/papers through which learning is applied to one’s own context. Participants bring a variety of individual ministry issues to the course. Each course is designed with this in mind, so readings and assignments allow for flexibility in terms of personal focus.

- **Intensive Week**
Class sessions involve engagement of heart, intellect, and issues of practical implementation. The goal is to create a community of faith, learning, and support. During
class weeks, participants engage in reflection, critique of learning, and the development of action plans for responding in new ways to issues and opportunities in ministry.

- **Post-Course Work**
  Following each intensive week, students will complete assignments, often leading to further research and study in order to faithfully implement new ministry action within one’s ministerial context.

**Required Core Courses**
All DMin students are required to complete the following core courses along with the specific courses related to their particular program.

- **DM 7015 Becoming Doctors of the Church**
- **DM 7045 Biblical & Theological Method**
- **DM 7060 Thesis Design and Research Methodology**

**Candidacy Review**

- **DM 7059 Candidacy Review**
  After the completion of their course work and prior to enrolling in DM 7060 Thesis Design, the student’s course record is reviewed by faculty to determine if the student should proceed to the thesis stage of the program. Those students whose prior coursework does not meet an acceptable minimum standard or who have displayed a lack of academic rigor will be encouraged to accept an Advanced Graduate Certificate.

**Thesis**

- **DM 7190 Thesis**
  Upon approval of the Thesis Proposal, the student will implement the ministry project and complete the writing of the thesis. Once the writing of the thesis is completed, the student will defend the thesis orally. The thesis is done under faculty supervision. An additional $500 thesis supervision fee is required.

**Candidacy**
Admission to the thesis phase of the DMin program is granted upon successful completion of a formal Candidacy review. (Students who completed DM 7015 Becoming Doctors of the Church prior to January of 2014 are exempt.)

**Costs and Completion Times**
Tuition and fees, set by the Board of Trustees, are published in the catalog and online on an annual basis (see Academic Expenses 2020-2021 below).

DMin Cohort-Groups have a set price for the entire program, payable in 48 monthly installments.
Should the student be granted an extension by the faculty after failing to complete the program within seven years, a program continuation fee of $1,250 will be charged annually at the start of the eighth year.

**Cohort-Group Program Policies**

**Registration**
Once a student begins a Cohort-Group, he or she is continually enrolled in each successive course and charged the tuition and fees. If the student wishes to take a Leave of Absence or drop out of the program, he or she must contact the DMin office in writing to make those arrangements. *(Note: Verbal instructions do not constitute an official request for a Leave of Absence or to drop out of the program.)*

**Missed Payment Policy**
Any student on a long-term payment agreement who misses two consecutive payments may not enroll in another course until the balance of his or her account has been paid in full. The student also loses the privilege of participating in a long-term payment agreement.

After the student’s account is in balance, he or she may once again enroll in courses at Northern.

Students will then be billed for each course as they take it and will need to pay for the course in full before they can register for another course. A short-term payment plan (no more than 3 payments) may be worked out with the Business Office.

**DMin Specializations**

**New Testament Context**
Directed by Dr. Scot McKnight, the DMin in New Testament Context will provide students with the opportunity to focus study on Jewish texts and how to understand the context of the Jewish world that informs the New Testament. Doctor of Theological Ministry (DTM)
The Doctor of Theological Ministry (DTM) is a professional doctoral degree designed specifically for equipping current ministers for advanced ministerial practice through applied theological instruction in a selected area of specialization. It prepares the person in ministry to use Scripture and theology for life and practice, particularly service within the local church. The DTM degree is conferred based on scholarship and research skills demonstrated by the student’s participation in Seminars and Professional Development Modules, and application to ministry through a thesis project related to the student’s area of specialization and service.

The DTM program is a cohort program that includes non-residential courses, allowing students to maintain their ministry and life in their local context. DTM students will participate in cohort groups alongside their peers in the DMin program for their core courses and specialization courses, while also being required to complete several additional courses specific to the DTM program.

Program Information
The DTM program is designed to be completed in four (4) years. It may be completed in a minimum of three (3) years or at a maximum of six (6) years. The program consists of seminar style courses, professional development modules, and a thesis. Non-Degree Programs
Northern offers certificates both with and without master’s credit.

Graduate Certificate
The Graduate Certificate is a 15-quarter credit (10 semester credits) non-degree program which offers graduate-level credit to students wishing to strengthen their ministry without committing to a full-length program. It is a flexible way for students to deepen their biblical understanding and expand ministry skills. In order to receive a certificate, the student must complete five (5)
courses in a chosen specialization. Students must complete the same course requirements as degree seeking students, since they are receiving master’s level credit. These five courses are transferrable into a master’s degree program. These chosen specializations include the following:

- **Graduate Certificate, specialization in Biblical Studies**
  Many pastors, teachers, and church members feel intimidated by the formal study of the Bible. The Graduate Certificate in Biblical Studies provides a solid foundation for continued scholarly and personal study of the Bible. While exploring our Old and New Testament curriculum, you will develop new and useful skills that will help you in responsibly interpreting the Bible.

- **Graduate Certificate, specialization in Christian Community Development**
  This specialization will provide a foundation of biblical knowledge, theology, and church history, focusing on urban theology and the history of the urban church in America, while also engaging with the complex social and cultural issues facing urban communities, including racism, poverty, and violence, and equipping students to integrate the principles of Christian Community Development in their own context.

- **Graduate Certificate, specialization in Urban Leadership**
  This specialization focuses on the complex systems of urbanization and the dynamics of holistic ministry in urban contexts. Emphasis is placed on a theology for urban ministry and the social and cultural issues impacting urban communities, including systemic racism, poverty, and violence.

At least 9 hours (3 courses) must be completed at Northern. Coursework transferred in from another institution must follow the guidelines stated under “Transfer of Credit” in the Academic Policies and Procedures section of the catalog.

**Non-Master’s Certificate**
The Certificate is a non-degree program without master’s credit. Students complete five (5) courses in a chosen area but have fewer requirements in their courses than students who are receiving master’s level credit. Grades will be awarded on a pass/fail basis (see page 106). These classes cannot be transferred into a degree program, as they are not master’s level credit classes.

A description of the programs and requirements of the institution from which the student received their education should accompany these transcripts. As a graduate professional school, Northern Seminary requires each applicant to hold a baccalaureate degree or its equivalent from an accredited institution for the master’s programs and a Master of Divinity degree or its equivalent if applying to the Doctor of Ministry program. In most cases, applicants will be required to have their academic work evaluated by the World Education Services (WES) or a similar organization to establish U.S. education equivalency. Only those applicants who score 550 or better on the paper-based exam or 213 or better on the computer-based exam will normally be considered for unrestricted admission to a full course of study. Information for TOEFL exams is available by writing the Educational Testing Service, Box 899, Princeton, NJ 08540, U.S.A. Northern’s institutional code number is: 1558. Information is also available on the TOEFL web site: www.toefl.org.

5. Letter of Endorsement from home church or denomination. The letter should indicate that the church or denomination confirms that enrollment at a graduate theological institution is a needed factor in the applicant’s future ministry. This endorsement must be specific, identifying the type of ministry and position of leadership the applicant will assume upon completion of study at Northern. The letter should also indicate that there is mutual understanding and expectation between the applicant and the home church or denomination that the applicant will return to the home country to minister with the applicant’s own people immediately upon completion of the degree.

**Additional Information for International Students**

1. International students must begin studies during a Fall quarter.

2. International student application deadline is February 1 prior to the Fall quarter of intended enrollment.

3. Northern will issue a Form I-20 ONLY after receipt of all required applications and financial documentation. (See the section, Application for a F-1 (Student) Visa, below.)

4. The Designated School Official (DSO) for Northern Baptist Theological Seminary is the Associate Dean of Student Services/Registrar. She can be reached by phone at 630-620-2130 or by FAX at 630-620-2190 or by email at lowens@seminary.edu.

5. International students are required to submit to Northern Seminary a $2,000 deposit for return airfare, and a $3,000 cost of living deposit by Aug. 1, prior to the Fall quarter of intended enrollment.

6. International students are expected to arrive on center by August 15, preceding the Fall quarter of first enrollment. This allows adequate time for transition and orientation to both the U.S., Northern Seminary, center life, the climate of the Midwest, and for timely registration of children for public school enrollment. The local school year for children usually begins during the last week of August.
7. Each student is responsible for arranging adequate care for their family in the home country during their absence. Students should not plan to financially support the family at home while attending seminary.

8. It is expected that International students will return home immediately upon completion of the course of study at Northern. The goal of the seminary in the admission of international students is to serve Jesus Christ through the training of leaders who rise up out of a specific context and will return to that context further prepared to serve Christ’s church. When students choose to remain in the United States upon completion of their studies, the seminary believes it has contributed to the hindrance of God’s development of leadership across the world.

Application for an F-1 (Student) Visa

1. The Form I-20 is a government form through which Northern Seminary certifies to the U.S. government that a student is eligible for F-1 student status. It certifies that the student has: met the seminary’s admission requirements; been accepted for a full course of study; and proven that the student has sufficient money to study and live in the United States without working illegally or suffering from poverty. Students need a Form I-20 to obtain an F-1 student visa or status, or to keep lawful F-1 status when transferring or changing schools within the United States. Transferring students do not have to receive the Form I-20 before coming to Northern Seminary unless they are traveling outside the United States before classes begin. Northern Seminary will issue a Form I-20 only after a student has been admitted and has submitted the Application for Form I-20 and required supporting documentation. If a student has not received the Application for Form I-20, the student should contact the Office of Admissions at Northern Seminary.

2. To come to the United States and attend Northern Seminary, international students must make an appointment with their nearest American embassy or consulate and apply for an F-1 student visa. Before applying for the visa, the student should understand the process and rules governing the issuance of U.S. visas. Many visa applications fail. In some countries, most applications fail. Often it is because the student did not understand the rules or was not prepared. Do not let this happen to you.

3. In order to maintain F-1 student status, a student must:
   a. Keep one’s passport valid.
   b. Attend the authorized school.
   c. Carry a full course of study.
   d. Make normal progress toward completing a seminary degree.
   e. Complete the transfer procedure to change schools.
   f. Complete a program extension procedure if permission is needed to remain longer than the time estimated on the Form I-20.
   g. Limit authorized employment to no more than 20 hours per week while school is in session or 40 hours in the summer. Do not work without authorization.
   h. Report a change of address to the INS and the Registrar at Northern Seminary within 10 days of completing the move. All required forms and applications can be obtained by contacting the Office of Admissions at Northern Seminary.
i. Submit documentation of any change of visa status to the Registrar at Northern Seminary within 10 days of the change.

Financial Information and Scholarships

Purpose

The purpose of the scholarship program at Northern Seminary is to provide financial assistance to master’s students who have experienced the call of God to minister to the needs of others and are pursuing a theological education in response to that call. Northern offers scholarships and grants to students admitted to and enrolled in master’s degree programs, full-time and part-time.

Students attending Northern are encouraged to make every effort to arrange adequate resources to enable them to pay for the costs involved in theological education. However, when a student’s total resources prove insufficient to meet educational expenses, the seminary seeks to provide financial assistance for those who might not otherwise be able to afford preparation for ministry. The goal of the seminary’s scholarship program is to assist students in working out a scholarship package that will help avoid undue financial pressure, excessive employment or extensive indebtedness. This is accomplished through a combination of resources and funds raised by the student, resources provided by the seminary through scholarships or grants, and federal loans. Students from all denominations are strongly encouraged to work with their church and denominational regional authorities to receive financial support.

General Eligibility Requirements

To be eligible for financial assistance, you must:

1. be enrolled or accepted for enrollment as a regular student working toward a master’s degree with an enrollment status of at least half-time.
2. make satisfactory academic progress.
3. meet enrollment status requirements. Students in the MDiv or MACM program must be enrolled at least half-time (6 credits per term). Students in the MA cohorts must enroll in the required class sequence for their program for the year. All MA cohort students enrolled in the required class sequence for the year are considered full-time.
4. must not be in default of a federal student loan or owe an overpayment of a federal student grant.

Renewal Information for Federal Loans and Scholarships

Financial assistance is not automatically renewed each year. Recipients must apply each year. Students can reapply using Renewal FAFSA on the Web.

Federal Student Aid (Title IV Funds)

Students pursuing a Master of Divinity, Master of Arts or Doctor of Ministry Program may apply for federal student loans. In order to receive federal student loans, students must:

- Be admitted into a master’s-level or doctoral degree program
- Be enrolled at least half-time in a master’s or doctoral program
- Complete a yearly academic plan with their advisor prior to enrolling in their first quarter and then continue to do so each summer.

**Federal Aid Application Process:**

2. Register for the entire academic year on the [STUDENT PORTAL](https://my.northerns.edu) on the My Northern page. You must be enrolled at least half time for the entire academic year. All MA cohort students are considered full-time if they enroll in the required course sequence for their program for the year. Contact your advisor if you need assistance.

1. Apply for any scholarships or grants that you are eligible for from Northern Seminary. See the available scholarships and grants [HERE](https://www.northerns.edu/financial-aid/scholarships-and-grants).

2. Read the [FAQ](https://www.northerns.edu/financial-aid/faq) page about federal loans.

3. Complete the [VFAO Online Federal Aid Interview](https://vfao.northerns.edu/).

4. Sign a Master Promissory Note (MPN) at [studentloans.gov](https://studentloans.gov). Students who do not have a Master Promissory Note (MPN) on file with the government must sign their MPN for Unsubsidized Loans.

5. Complete the [Title IV Student Loan Disbursement Agreement Form](https://www.northerns.edu/financial-aid/title-iv-loans/disbursement-agreement). Your loan funds automatically pay your tuition and fees. The funds can then be used to pay other account items, but you must give us permission to do so by selecting them on this form. Return the Disbursement Agreement to Northern Seminary at businessoffice@seminary.edu.

8. Complete a Payment Agreement by contacting the Business Office: 630-620-2111. You must complete a Payment Agreement for each year.

*After completing the online interview, students may be required to verify certain items. This is normal procedure and required by the federal government. Students will be notified about their loan awards by mail.

**Free Application for Federal Student Aid (FAFSA)**

This form provides the Federal Processing Center with household income and asset information used to determine the expected family contribution and aid eligibility for each applicant. The FAFSA is required for federal and state financial assistance. The FAFSA uses the most recently filed Federal Tax Return.

Northern Seminary’s Financial Aid School Code is 001736. The Business Office will receive your results electronically if the school code is listed.

Complete the 2022-2023 FAFSA online at [http://fafsa.ed.gov/](http://fafsa.ed.gov/). Students must apply for a FSA ID, which can be done on the FAFSA website. If you do not have Internet access, you may visit any public library. The 2022-2023 Free Application for Federal Student Aid (FAFSA) should be
submitted to the Federal Processing Center when the current year application opens. If you submit your FAFSA after the priority deadlines, it will be processed in the order received.

Return of Title IV Funds
Federal Title IV funds are awarded to a student under the assumption that the student will attend school for the entire period for which assistance is awarded. If a student who received Title IV funds withdraws, either officially or unofficially, on or before completing the payment period, the Office of Financial Aid is required to recalculate and review the student’s eligibility for the scholarship.

Consequences of Withdrawing from Courses
Withdrawing from courses may affect a student’s Northern scholarship awards, and federal aid awards and eligibility. Prior to withdrawing from courses, students are advised to speak with their scholarship counselor and academic advisor. Also refer to the information under “Withdrawing from Seminary”.

Financial Consequences of Withdrawing
Federal Financial aid is awarded to assist with educational expenses for the length of an entire payment period. If a Title IV recipient withdraws prior to completing 60% of the payment period, the Office of Financial Aid must determine how much of the federal funding was "earned" up to the time of withdrawal.

Federal Financial Aid Office (Seminary Business office) is required by federal statute to recalculate federal aid eligibility for students who withdraw (click for form to submit to Registrar), drop out, are dismissed, or take a Leave of Absence (click for form to submit to Registrar) prior to completing 60% of a payment period or term. The federal Title IV aid programs must be recalculated in these situations to determine how much of the federal funding was earned up to the time of withdrawal. This review and recalculation is called a "Return of Title IV Aid" (R2T4). The last day of attendance is determined based on faculty records.

If a student leaves the institution prior to completing 60% of a payment period or term, the Federal Financial Aid Office recalculates eligibility for Title IV funds. Recalculation is based on the percentage of earned aid using the following Federal Return of Title IV funds formula:

Percentage of payment period or term completed = the number of days completed up to the withdrawal date divided by the total days in the payment period or term. (Any break of five days or more is not counted as part of the days in the term.) This percentage is also the percentage of earned aid.

Funds are returned to the appropriate federal program based on the percentage of unearned aid using the following formula:

Aid to be returned = (100% of the aid that could be disbursed minus the percentage of earned aid) multiplied by the total amount of aid that could have been disbursed during the payment period or term.

If a student earned less aid than was disbursed, the institution would be required to return a portion of the funds, and the student would be required to return a portion of the funds within 30 days.
Keep in mind that when Title IV funds are returned, the student borrower may owe a balance to the institution.

If a student earned more aid than was disbursed to him/her, the institution would owe the student a post-withdrawal disbursement which must be paid within 120 days of the date the institution determined that the student withdrew.

For a 10-week term, a student must complete 6 weeks of the term (60%) in order to retain the aid that was disbursed for the payment period.

Student will be notified of the adjusted amounts by email and US mail.

Refunds are allocated in the following order:

- Federal (Plus) Loan
- Unsubsidized Federal Loan
- Private and institutional aid
- The student

Making Satisfactory Academic Progress (SAP)

Academic Standards:

- **SAP Standard for Title IV Students**: 3.0 cumulative grade point average or above for DMin, DTM, MANT, MATM and MA students. 2.0 cumulative grade point average or above for MDIV, MACM, MA-UL and MAW students.

- **Standard for student enrolled in same educational program who is not receiving Title IV Assistance**: 3.0 cumulative grade point average or above for DMin, DTM, MANT, MATM and MA students. 2.0 cumulative grade point average or above for MDIV, MACM, MA-UL and MAW students. Cumulative grade point average calculations are the same for all students.

  While all MDiv students must complete their program in no more than seven years, and MA students must complete their program in no more than five years, students receiving Title IV funds must be enrolled in their degree program at least half-time each term.

- **Qualitative Component for Measuring SAP**: Master’s-level students must show satisfactory academic performance; 3.0 or 2.0 cumulative grade point average or above, as described above.

- **Quantitative Component (that consists of a maximum time frame) for which a student must complete his/her educational program**: Completion of all degree program requirements is no more than seven years from the time of matriculation for an MDiv, six years for the DMin and DTM, seven years for a five-year master’s program, and five years from the time of matriculation for a three-year Master’s program.

  Student must maintain a completion rate of coursework equal to at least 67% of the total number of credits attempted. This quantitative requirement ensures that the student is steadily...
progressing toward the degree by completing at least two-thirds of all attempted credit
hours. For example, a student who attempts 9 credit hours must complete at least 6 credit
hours to meet the requirement (9 credits x .67 = 6).

The pace of education must be such that the degree can be completed within a maximum
time frame of 150% of the required hours for degree completion. For example, a student in
the MDiv program which requires 108 credits, would have a maximum limit of 162 credits.

Incomplete courses do not count toward completion of the program. Withdrawal from a
course removes the course from counting toward completion. Repeated courses to improve
a grade only count toward the pace of completion if the first grade was too low to count in
the program.

If a student cannot complete their degree program in the allowed time, they must send a
letter to the Master’s Committee or Doctoral Committee requesting a program extension.
Such extension must be approved by the faculty. Financial aid would not be available if the
SAP had not been achieved.

SAP Process

1. The Dean of Academic Affairs office checks SAP at the conclusion of each quarter.

2. The process the school uses to ensure consistent application of standards to all students
within categories of students: Students are required to maintain satisfactory progress toward
their degrees in order to continue eligibility for Northern assistance. At the end of the
Add/Drop period each quarter, the Financial Aid Committee will review the GPA and
academic load of all students receiving financial assistance.

3. If a student’s cumulative GPA no longer meets the criteria for the scholarship awarded, or
the hours have changed from those used to determine the student’s scholarship award, there
may be an adjustment made to the scholarship award. The student will be notified of the
adjustment and will be responsible for covering any outstanding balance on their account.

4. Students who do not meet GPA requirements will receive an academic warning letter after
their first quarter of failing to maintain the required GPA. This warning letter will list the
options available to retain eligibility to receive scholarship. If the GPA requirement, and/or
the options outlined in the academic warning letter, are not met in the subsequent term, their
aid may be adjusted or removed, and the student will not be eligible to receive federal
student loans. Students may reapply for financial assistance when they have reestablished the
required grade point average.

Appeals

Students may appeal a determination of probation or termination due to unsatisfactory progress or
any other academic policy mentioned herein within 14 days from the date of determination, if
extenuating circumstances (illness, family problems, death of a family member, etc.) led to academic
difficulties. The appeal must include information explaining why the student failed to meet SAP,
what has changed in the student’s situation that would allow the student to demonstrate SAP at the
next evaluation, a realistic educational plan that outlines how the student will meet the SAP criteria, and a meeting with an academic advisor to assess the viability of the educational plan to meet the degree requirements.

All appeals shall be submitted in writing and submitted to the Financial Aid Office. All appeals will receive a written response that shall remain final.

**Exit Counseling**
Federal regulations and Northern Seminary policy require that students who take out a student loan must complete exit counseling before they leave school (graduate), drop below half-time (6 credits), or withdraw from the school. This requirement is in place so that the student will receive essential information regarding their **rights** and **responsibilities** as a student loan borrower. They will receive information about the types of loans they received, when and where to make payments, what to do if payments cannot be made, and what can happen if payments are not made.

Failure to complete exit counseling will result in a hold being placed on the student’s records. The student will not be able to re-enroll in classes or obtain other seminary services and documents including, but not limited to, transcripts or diploma.

- Exit counseling may be completed online. To complete exit counseling go to the National Student Loans Data System (NSLDS) at [https://studentloans.gov](https://studentloans.gov)
- Log in and select the “Exit Counseling” link.
- Click the “Start” button beneath “Loan Exit Counseling.”
- Follow the instructions to complete the counseling.

Federal Financial Aid Office (Seminary Business office) can answer any questions. Contact them at 630-620-2188.

**Veteran’s Benefits**

The Registrar’s Office coordinates veteran’s benefits for eligible students. Contact registrar@seminary.edu or call 630-620-2130. For more information on veteran’s benefits, please visit [www.vba.va.gov](http://www.vba.va.gov).

**Northern Seminary Scholarships for Master’s Programs**

Northern scholarships and grants are awarded without obligation of repayment and are subject to the student’s maintaining “satisfactory academic progress.” There is an application process for each scholarship and grant. All information provided by the applicant will be considered confidential.
Statement of Responsibility
Students are responsible for knowing the information contained in the Seminary Catalog, and in their scholarship award letter. Failure to read and understand this information could result in missed opportunities to receive and/or retain aid/scholarships. Questions regarding scholarship information should be directed to the Scholarship Team at scholarship@seminary.edu or (630) 620-2130.

Students are able to defer payments on prior federal student loans while enrolled at least half-time at Northern Seminary. Submit Deferment Request forms to the seminary Registrar.

### Other Sources of Financial Aid and Scholarships

Students who receive non-Northern scholarships, grants, or other financial assistance are required to report the amount of the award promptly to the Business Office. Adjustments in students’ scholarship packages will be made. The student’s Northern aid award will not be adjusted if a combination of the Northern aid and outside gift funds do not meet 100% of the student’s financial need as demonstrated through the scholarship application. Failure to disclose outside sources of aid may result in the loss of all Northern assistance. Scholarship money received from non-Northern sources will be used first in meeting a student’s demonstrated financial need.

Many public and private foundations offer scholarships to qualified students. These options can be researched through various sources on the Internet such as [www.fastweb.com](http://www.fastweb.com). For the names of many scholarships go to [www.scholarships.com](http://www.scholarships.com) or [https://www.mycccu.com/scholarship](https://www.mycccu.com/scholarship).

### Northern Financial Aid Policies and Procedure
Award Limitations
Northern Scholarship are limited to a maximum of 108 hours of course work for students enrolled in the MDiv program; or to a maximum of 54 hours of course work for students enrolled in a MACM program. For students enrolled in a master's cohort (MANT, MATM, MA-UL, MA-CCD, etc.) scholarship will only be awarded for the required courses in their cohort. No student will be awarded scholarship for any subsequent courses beyond the allotted number of hours for their program. If at any time a scholarship recipient determines that he or she is not going to complete a Northern Seminary degree, the Registrar's Office must be notified.

Students may receive funding from only one Northern Scholarship program per academic term.

Summer Courses
Financial Aid for summer courses will be awarded at the same percentage rate utilized during the regular academic year to calculate award amounts. Summer tuition hours will be counted as part of the 108 hours of aid allowed in the MDiv Program and 54 hours of aid allowed in the MACM program. Summer scholarships will be combined with the fall scholarship distribution.

External Courses
Northern Seminary funded scholarship may not be used to pay for external courses or for a program outside of Northern to which Northern pays tuition. Courses that are cross-registered with other ACTS schools (with the exception of Bexley-Seabury Seminary Federation) are not considered external courses and may be paid for using Northern Seminary scholarship funds.

Audit
Northern scholarship funds may not be used to pay for any coursework taken for audit.

Distribution Schedule
- Summer/Fall – by the end of the second week of the fall term.
- Winter – by the end of the second week of the winter term.
- Spring – by the end of the second week of the spring term.
- June – by the end the 3rd day of the intensives of the 2nd week of the normal course schedule.

Living Expenses
Northern Seminary Scholarship funds may only be applied to tuition for the student’s first master’s and/or doctoral level seminary degree. Non-Northern scholarships, grants, and gifts may be used to cover tuition, fees, and required textbooks listed on the course syllabus. Funds intended to cover costs other than tuition, fees, and required books may not be made payable to Northern Seminary and may not be deposited in a student’s seminary account. Support for living expenses raised by the student must be sent directly to the Northern student. (International students are exempt from this policy. Northern Seminary will accept cost of living funds for deposit into an international student’s account.) Funds raised for living expenses must be declared to the IRS as taxable income.

Return Policy
A review of student accounts will be made annually at the end of the academic year. Upon graduation or termination of studies, if a student received outside scholarships, grants and gifts on
their account, which when combined with Northern Seminary scholarship funds exceed the actual cost of tuition, fees and required books, excess funds will be returned first to the Northern Seminary scholarship fund and then to the supporting outside agency.

Requirements for Maintaining Northern Scholarships
No scholarship is guaranteed for renewal, and scholarships are provided as funds are available through the generosity of Northern friends. Students are required to write a thank you note to the donors upon receipt of their award letter each year, and to maintain satisfactory progress toward the completion of their degree in order to continue eligibility for Northern assistance. This means maintaining the required minimum GPA for their program and enrolling in the required minimum course load. At the end of the Add/Drop period each quarter, the Financial Aid Office will review the GPA and academic course load of all students receiving financial assistance to ensure compliance with these requirements.

- GPA requirements
  If, upon review, a student’s cumulative GPA no longer meets the criteria for the scholarship awarded, the student will receive an academic warning letter. This warning letter will encourage the student to work with faculty and their academic advisor to develop a plan for academic success. If the GPA requirement is not met or if the student has not taken any action towards improving their academic standing, then in the subsequent quarter their aid may be adjusted or removed. Students may then reapply for financial assistance once they have reestablished the required grade point average.

- Course load requirements
  If a student’s enrolled hours have changed from those initially used to determine the student’s scholarship award, there may be an adjustment made to the scholarship award. The student will be notified of the adjustment and will be responsible for covering any outstanding balance on their account. If the student has fallen below the minimum number of hours required for their scholarship and has not been granted an exception, their scholarship may be removed.

Incompletes are the student’s responsibility. If a student has not achieved the required GPA because he or she is carrying an incomplete, aid may be withdrawn.

Adding/Dropping a Course: When a student submits an Add/Drop form, the Registrar’s Office will notify the Financial Aid Office if the student is receiving Northern aid. Any necessary
adjustments in the amount of aid will be made. Tuition refunds for all students, including those on full scholarships, will be granted as described under “Tuition Refunds” in the Academic Policies and Procedures section of the Seminary Catalog.

Failing a Course: If a student received scholarship for a required course which he or she failed, aid may not be used for that course(s) the second time it is taken.

Renewability
Students must reapply for Northern Scholarships, Partner’s in Ministry Grants, and CIOS Loans each academic year. These awards are not automatically renewed from year to year. Students receiving Presidential Scholarships and John Perkins Fellowships do not need to reapply each year.

Appeal Process
If a student believes that there have been extenuating circumstances resulting in his/her failure to maintain satisfactory academic progress or the required GPA, he or she may appeal to retain their aid award by writing a letter to the Scholarship Committee. Letters of appeal should be sent to the Dean of Academic Affairs.

Expectations
It is expected that all scholarship recipients will be good ambassadors for Northern Seminary both on site and among the Christian community at large and assist Northern in maintaining positive relationships with individuals, churches, and foundations providing funds. Scholarship recipients are also expected to assist with various Northern functions such as Founders Day, Convocation, and Commencement if needed.

Veterans
Students who are eligible for VA benefits should apply for assistance at their VA offices. The Registrar’s Office of Northern Seminary certifies enrollment and reports any significant change in the student’s status to the Veterans Administration. Academic Probationary Status will jeopardize the continuance of VA benefits. For more information on veteran’s benefits, please visit www.vba.va.gov.

Leave of Absence
Students are required to submit a request for a formal Leave of Absence to the Registrar’s office. Financial aid will be suspended while the student is on a Leave of Absence and will be reinstated if the student enrolls in subsequent quarters that academic year. Students on a Leave of Absence do not qualify for deferment of their federal student loans, and withdrawal after a LOA may shorten the payment grace period.

Refund Policy for Scholarship
Northern Seminary funds and outside scholarship and grant funds that have been awarded to students who withdraw, are suspended, or dismissed will be returned to the proper donor, donating agency, or church according to the appropriate refund schedule. (See Tuition Refunds.)
Student Accounts

At Northern Seminary, students can access their accounts via the Seminary student website (https://seminary.populiweb.com) at any time. Northern encourages students to check their account balances and make payments via (https://seminary.populiweb.com), or else to set up a Payment Agreement in which recurring tuition payments are automatically made on the same day every month via echeck, Visa, Mastercard, and Discover.

Students are expected to keep their account balances current. **Unless a Payment Agreement has been signed by the student, the total amount of tuition and fees is due prior to the beginning of the term, by the date on the seminary calendar.**

Transcripts and diplomas cannot be released to students with unpaid account balances.

If payment is not made in full by the due date, a minimum of one-third of the tuition and current fees are due. A Payment Agreement must be completed for the remaining two-thirds of the tuition. Questions regarding student accounts should be directed to Student Accounts at 630-620-2111.

**Short Term Payment Plans**

Northern Seminary MDiv and MACM students have the option of paying tuition in 9 - 12 payments throughout the academic year. Please contact the Business Office to set up a plan that is right for you. A long-term recurring monthly Payment Arrangement is established for students in a Partnership or Cohort programs (see below).

**Unless a Payment Agreement has been signed by the student, the total amount of tuition and fees is due prior to the beginning of the term, by the date on the seminary calendar.**

An automatic payment is one in which the student supplies their account information when the Payment Agreement is set up. Payments are then automatically deducted from their checking account or credit card.

Please direct any questions regarding payment plans or your student account to 630-620-2111.

**Long-Term Payment Plans**

For Doctor of Ministry Cohort or All Partnership-Based programs, students participate in a payment plan specifically designed for their degree. Each plan consists of a recurring monthly payment via credit card or checking account, which is paid over a set number of months (24, 36, or 48).

Any student who misses two consecutive payments in his or her long-term Payment Agreement may not enroll in another course until the balance of his or her account has been paid in full. After the student’s account is in balance, he or she may once again enroll in courses at Northern.

The monthly amount includes tuition and registration fees. For partnership programs, the monthly payment amount may also include program fees related to the partner’s program (such as retreat or
travel fees). The payment plan does not include books, housing, or assessment fees. Students must purchase all books and arrange for housing for each course in the program unless otherwise noted.

**Withdrawing from Seminary**

Please also refer to information under “Return of Title IV Funds”. Students who are withdrawing from Northern Seminary during a term must complete a “Request for Withdrawal” form and submit it to the Registrar’s Office. They should also contact the Registrar’s Office so that the appropriate adjustments in their scholarship award may be initiated if needed. The Date of Determination is the date on which we are made aware of the student’s intent to withdraw. If the student continues to attend, however, then the Date of Determination is the last date of attendance in an academically-related activity. If a student tells us between terms (summer, etc.), then it is usually the date of the withdrawal form, email, or phone call informing us of the pending withdrawal. Withdrawals are not final until the student’s withdrawal form is received by the Registrar’s Office.

The withdrawal date is determined in 2 ways:

1) **Official withdrawal**: student completes and submits the official withdrawal form.

2) **Unofficial withdrawal**: student stops attending class but does not notify the school of official withdrawal. In this case, the withdrawal date is based on the last documented student academic activity. If the student was unable to notify the school because of the circumstances beyond their control, the withdrawal date will be based on documentation related to the event once the Federal Financial Aid Office is notified.

Withdrawing from courses may have other implications as well:

1. **Call Northern Financial Aid.** Call the 630-620-2111 to discuss how Northern Seminary aid may be affected.

2. **Call Federal Financial Aid Office at 630-620-2188** to discuss the federal Title IV refund policy and its implications for your current scholarship.

3. **Satisfactory Academic Progress (SAP).** Students must make steady progress toward a degree to remain eligible for federal scholarship. You may review the SAP policy on the following pages.

4. **Student loan deferment**: if you have federal student loans, your withdrawal will have implications, which may include your grace period beginning, or even the repayment on prior loans. You may view more information at [studentloans.gov](http://www.studentloans.gov).

5. **Business Office.** Check with the Business Office at 630-620-2111 to discuss any of the following: Outstanding balance, implications for your payment agreement. Any remaining balance must be cleared prior to release of transcripts or future registration.

6. **Academic**: Discuss your anticipated withdrawal with your academic advisor and with Admissions. If you will be out of school for more than two consecutive terms, discuss readmission procedures.

Academic Complaints of a Student against a Professor, Including Contesting a Grade

If a student has an academic complaint against a faculty member (regular, affiliate or adjunct) and the matter cannot be resolved with that faculty member, the student has the right to appeal to the Dean of Academic Affairs, who has final authority.

Academic Disciplinary Procedure

When a student enrolls in seminary, he or she assumes numerous important academic, financial, and personal obligations. Included in these obligations are the commitment to personal integrity and the demonstration of a Christian character. As a theological school whose mission is to prepare academically, personally, and spiritually qualified persons for Christian leadership in the churches and other ministries, Northern is deeply concerned with these issues, too. Therefore, any student who violates the standards of academic honesty is subject to disciplinary action.

If a professor suspects that a student has violated the standards of academic honesty, he or she is to confer with the student about the situation. If the professor concludes that a violation of academic honesty standards has in fact occurred, he or she must report the incident to the Dean of Academic Affairs Office, along with the supporting evidence.

The Dean will review the evidence, solicit a response from the student and any necessary additional input from the professor. If after such examination of the evidence, the Dean determines that a violation of academic honesty has occurred, the Dean will consult with the professor about an appropriate sanction. The Dean will then convene a meeting between the professor and the student in order to inform the student of the decision and the sanction. The student also will be provided with a written copy of the decision and the sanction at the time of the meeting.

Sanctions may vary, depending on the type and severity of the violation. In all cases, no academic credit (a grade of zero) will be given for an assignment when plagiarism or other kinds of cheating have occurred. For some first offenses, the Dean, after consulting with the professor, may allow a paper to be rewritten. In other cases, the decision may be to give a failing grade for the assignment in which the violation occurred or for the entire class. If the violation is judged by the Dean and the professor to be more serious, other sanctions may be given, including reprimand, disciplinary probation, suspension, or expulsion. In cases where the violation involved damaged, stolen, or misappropriated property, money, and the like, the sanction might include restitution as well.

If the student so chooses, he or she has ten business days after receipt of the decision to file an appeal with the Dean’s Office. The appeal will be heard by the Faculty/Student Guidance Committee, which will consist of three faculty (not currently teaching the student) and two students, all of whom are appointed by the President of Northern. The student filing the appeal may challenge the appointment of one professor and one student.
The Committee will meet within three weeks of the filing of the appeal. Members will review the evidence originally supplied by the professor and the decision rendered by the Dean. The Committee may call witnesses whom the student also may cross-examine. But the witnesses will not stay for the entire hearing, which will not be public. The student may ask another student or faculty member to be present during the hearing as a non-voting observer. The Committee has the option of reversing the previous finding and dismissing the case; confirming the finding and the sanction imposed; or confirming the finding and altering the imposed sanction. The Committee is required to produce a written record of the hearing and to submit it and the final decision to the Dean’s office at the conclusion of its work. The Committee must deliver its finding in writing to the student within five days of the hearing and obtain a receipt. The student also may examine the Committee’s written record of the hearing if he or she desires.

The student has the option of appealing the Guidance Committee’s finding to the full faculty. The appeal must be in writing and delivered to the Dean’s Office within ten working days after receipt by the student of the Committee’s decision. The faculty will review the Committee’s minutes and findings, but not undertake a complete re-hearing of the case. The faculty must render its decision within one month of the student’s appeal. The faculty’s decision is final.

For a second offense, the appropriate sanction is expulsion from the seminary.

During the disciplinary process, the student shall retain all rights and privileges as a student, unless the Dean determines that immediate suspension is in the best interests of the seminary. All disciplinary proceedings and their records are confidential. When the disciplinary process begins, students are obligated to follow the procedures described above. While students are free to seek legal counsel, at no time during the disciplinary process will an attorney be allowed to be present at any deliberations.

**Academic Honesty Policy**

Northern Seminary is a graduate theological school that is committed to the training of men and women for Christian ministry. As such, the seminary expects its students to be persons of unimpeachable character and to demonstrate the highest integrity at all times and in all situations. An essential part of the formation for Christian ministry, then, is the student's adherence to the principles and practices of honesty in academic and other parts of seminary life. Engaging in dishonest activities while studying for the ministry raises profound questions about the student's fitness for Christian leadership. Therefore, violators of the seminary's standards of honesty are subject to disciplinary action. (See the section on “Academic Disciplinary Procedures” above for details.)

Dishonesty manifests itself in many ways in academic settings and it is impossible to identify an exhaustive list of dishonest behaviors here. Seminary students should have a well-developed sense of right and wrong and hold themselves to the highest ethical standards. “Test everything. Hold on to the good. Avoid every kind of evil” (1 Thess. 5:21-22, NIV). The seminary and the churches that hire its graduates have a right to expect that students resist the temptation to bypass academic or
other ethical expectations and that they follow the spirit, as well as the letter, of the law. Examples of dishonesty include but are not limited to the following kinds of practices:

1. **Plagiarism**

*What is Plagiarism?*

Plagiarism is the act of passing off as one’s own the words or ideas of someone else without providing proper acknowledgment or documentation. Plagiarism may include, but is not limited to, the following:

- Submitting as one’s own material copied, borrowed, or purchased from some other source. This includes, but is not limited to, downloading term papers from the internet, purchasing a paper from a “term paper mill,” reproducing parts or all of an article or book section, copying another student’s paper, and so on.

- Copying verbatim or taking ideas from a source without providing documentation (i.e., footnote or quotation marks)

- Copying verbatim or taking ideas from a source and providing fraudulent or misleading documentation.

- Copying verbatim from a source without using quotation marks or a block quotation. When copied material is not properly identified with quotation marks, readers are led to believe that the material is the writer’s own words, when in fact they are someone else’s, which is the essence of plagiarism. Providing a footnote after copied material without using quotation marks is not adequate documentation and constitutes plagiarism.

- Paraphrasing material that is too close to the original, whether documented properly or not. A paraphrase is unacceptable if it merely changes a few words or transposes phrases or sentences in the original source, but retains the bulk of the text as it originally appeared.

Since plagiarism is a form of claiming for ourselves what belongs to another, it constitutes an infringement on someone else’s intellectual property and is a form of stealing. It is a very serious violation of Christian ethics and raises profound questions about fitness for Christian ministry. The seminary takes these matters extremely seriously and will take disciplinary action against those who engage in plagiarism.

It is sometimes difficult to know whether or how to acknowledge and document certain kinds of material. When in doubt, consult Kate L. Turabian, *A Manual for Writers of Term Papers, Theses, and Dissertations*, 9th ed. (Chicago: University of Chicago Press, 2018), especially those sections dealing with using quotations and footnotes. Students are expected to know and follow the guidelines in Turabian. Ignorance of them is no excuse.

*What happens when a student plagiarizes?*

When a student is found to have plagiarized, you are placed under academic probation until you have met the following conditions:

1. The professor notifies the student and reports the student to the Dean of Academic Affairs, along with a copy of the paper that contains the plagiarism.
2. The Dean of Academic Affairs notifies the student who must then complete the following requirements:
   a. Student will take the following online tutorial and pass the certification test at the end of the tutorial by the date designated by the Dean.
   b. Student will pay a fee of $150 to Northern Seminary.
   c. Student will then be assigned to a Writing Tutor:
      i. Writing Tutor will work with the student to re-write the paper containing the plagiarism in order to understand the improper use of sources and learn how to properly cite sources (and more broadly, how to identify the main ideas in sources for use in your papers).
      ii. Student will need to meet with the Writing Tutor at least three times and submit revisions of the paper to him/her before submitting the revised paper to the professor by the date designated by the Dean.
   d. Student submits the revised paper to the professor. If the paper is acceptable to the professor, the professor may then re-grade the paper.
3. Successful completion of these requirements by the student will result in lifting the academic probation due to plagiarism.
4. Failure on the student’s part to cooperate with these requirements will result in failing the course and remaining on academic probation.

2. Cheating
Using or trying to use unauthorized materials in exams, quizzes, or other academic assignments or intentionally seeking unfair academic advantage. Examples: using a “cheat sheet” during a test; securing an unauthorized advance copy of an exam; changing an already-graded exam, quiz, or paper in hopes of getting a higher grade; copying someone else’s answers or assignment; working with another student on a take-home test or other assignment when such collaboration has been prohibited; assisting another student in such acts of academic dishonesty; preventing or obstructing some other student’s academic work; lying about excuses for late work or the need for extensions; etc.

3. Fabricating Sources
Using fabricated or altered material in any academic work. Examples include making up information in a report; misrepresenting some other work or an author’s intent; providing false or misleading footnotes; padding a bibliography with books that were never consulted.

4. Unauthorized Multiple Submissions
Turning in, without the instructor’s permission, any work already submitted for another class or assignment.

5. Computer Abuses
Using computers in inappropriate or illegal ways. Examples: pirating copyrighted software; hacking; constructing and/or knowingly spreading computer viruses; copying programs or downloading materials belonging to someone else; knowingly damaging or tampering with the seminary’s computers, printers, or software; using seminary computers for inappropriate activities, such as viewing pornography; etc.

6. Altering or Submitting Fraudulent Academic Records
Tampering with or misrepresenting student transcripts, credentials, or academic records. Examples: submitting false credentials during the admission process; altering a student transcript; forging registration or grade change documents; forging a professor, staff person, or someone else’s signature on seminary forms; taking materials from a student file; changing computer records; etc.

7. Misuse of the Library
Failing to follow library rules and regulations or misusing library materials. Examples: taking books or other library materials without properly checking them out; neglecting to return library materials or pay late fees; taking reference materials for one’s own use, thus depriving others access to them; defacing, altering, or damaging library materials; using library computers for inappropriate activities (see #5 above); etc.

(Note: Portions of this Academic Honesty statement are adapted with permission from the Marylhurst University Student Handbook, 2000-2002.)

Academic Probation

Students’ academic progress is regularly monitored by the Dean’s Office and the faculty. When students fail to meet required academic standards for their program, they may be placed on probation.

Probationary status is governed by the following policies:

1. Any student whose cumulative grade point average falls within .25 grade points of the required graduating GPA for their program, will be notified by the Dean of Academic Affairs that they have been placed on the academic warning list with notice to the faculty and Academic Advisor.

2. Master’s-level students whose grade point average falls below the required graduating GPA for their program will be placed on probation. Any student remaining on probation during the next two quarters for which they are enrolled will be subject to dismissal by the vote of the faculty.

3. Students enrolled in non-degree programs, including but not limited to Diploma or Certificate programs, whose academic performance is unsatisfactory (below required grade point average, earning a Withdrawal Failing (WF)) will be placed on probation. Any student remaining on probation during the next two quarters for which they are enrolled will be subject to dismissal by vote of the faculty.

4. A student whose cumulative grade point average is raised to a satisfactory level shall be removed from probation.

5. Students who are admitted on probation must achieve the required grade point average for graduation from their program by the end of their second quarter of study or they will be subject to dismissal by vote of the faculty.
Add/Drop Procedures

1. Students have until the end of the first week of the quarter to add courses. For intensive courses, a course can only be added on the first day, or by permission of the instructor and/or program director.

2. Students have until the end of the first week of the quarter or the first day of an intensive to change the basis of course evaluation from letter grade to Pass/Fail.

3. Students have until the end of the third week of the quarter to drop a course and receive at least a partial tuition refund. (See “Tuition Refunds” for refund schedule.) Fees are not refundable. After the first week of class or the first day of an intensive course, the instructor’s signature is required.

4. Before adding or dropping a course, students receiving scholarship must contact the Business Office to verify what impact this change in registration will have on their eligibility to receive the funds they have been awarded. If aid was awarded for a course that is later dropped, the aid will be removed from the student’s account.

5. If a student drops a course after the third week but before the end of the fifth week of the quarter, the instructor of that course will designate the withdrawal as either WP (withdrawal/passing) or WF (withdrawal/failing). After the fifth week, students who drop a course will receive a WF. The withdrawal failing is counted in the Grade Point Average and is calculated as an F. For an intensive course, a drop after the fourth day will receive a WF.

Advisor and Advising System

The Academic Advisor & Retention Specialist serves as the academic advisor for students enrolled in master’s programs. Those enrolled as students-at-large (non-degree students) are advised by the Registrar. The advisor gives guidance and counsel on curricular options and courses, interpreting and clarifying curricular requirements, and assisting new students in assimilation to graduate theological study. The purpose of academic advising at Northern Seminary is to guide students into deeper understandings of their faith, the ministry, themselves as individuals, their personal sense of vocation, and specific ways they can achieve their academic goals within the Seminary curriculum and course schedule. Prayer should be part of the advising relationship.

The Academic Advisor & Retention Specialist is available during registration periods and on a regular ongoing basis. Students may monitor their status and progress via the student portal.

Faculty serve as mentors to students on an ongoing basis. They are available by appointment and are reachable by phone and email.
Alcoholic Beverages

Consumption of alcoholic beverages in any public area on site or at any Seminary function is prohibited. This includes classrooms, classes held off site, and Northern Live classes. Anyone who knowingly permits alcohol consumption by underage drinkers is guilty of a Class A misdemeanor.

Anti-Discrimination and Disability Policy

It is Northern’s policy to apply enrollment and academic practices without regard to race, color, gender, national or ethnic origin, age, veteran status, or disability. The person responsible for complying with and carrying out the seminary’s responsibilities under this policy in general matters is the Dean of Academic Affairs.

It is the seminary’s intent to welcome people with disabilities into the school’s communal life and mission. Therefore, seminary policy is to ensure that no qualified student with a disability is denied the benefits of, excluded from participation in, or otherwise subjected to discrimination in any seminary program or activity. In response to a request made by a qualified student with a documented disability, the seminary will provide reasonable accommodation and academic adjustments necessary to afford the student the opportunity for full participation in seminary programs. Students should report their academic needs to the Registrar who will communicate with faculty members regarding accommodations to be made. Students should report their general needs to the office of the Dean of Academic Affairs.

Audit Policy

In order to have an audit recorded on one’s transcript, a student must formally register as an auditor and must attend at least eighty percent of the class sessions. A professor may exclude auditors from a particular offering of a course by notifying the Registrar before registration that auditors will not be permitted. No course credit can be changed to audit after add/drop week.

An auditor who is not enrolled in a degree program should apply as a Student-at-Large.

Northern graduates may audit one master’s course, tuition free, per year. The student must pay the registration fees.

Changing Degree Programs

Students may request a “Change of Degree” form from the Admissions Office or on the student website under Registrar-Registrar Forms. It is expected that the student will complete all admission requirements and meet all criteria for admission into the new degree program. When a student changes their degree program, he/she enters under the curriculum currently in place, not the program that was in place when they began their seminary studies. A $50 change of degree fee will be posted to the student's account in the first quarter of registration under the new degree.

Changing Your Name

In order to officially change your name on your permanent record, submit a valid Driver's License, Passport, Marriage License, or court order documenting your new name to the Registrar’s Office.
For international students who are on a visa, the name must reflect the name which appears on the visa.

Class Attendance

It is expected that students will attend and participate in class sessions for courses in which they are enrolled. For a traditional 10-week course, failure to attend at least 80% of class sessions is grounds for automatic failure. Attendance expectations are higher for intensive, hybrid, and online courses. Each professor has the authority to add additional attendance requirements in the syllabus. Students are always expected to communicate with a professor in advance if they will be absent.

Class Attendance and Registration

Any individual attending a course must be properly registered for the course by the 5th day of the term. Individuals not properly registered for a course are not permitted to further attend the course and their name will be reported immediately to the Registrar's Office. Exceptions include seminary approved guests such as prospective students who are officially scheduled to attend the class by the Admissions Office, employees approved in advance by the instructor, or others approved in advance by the instructor and the Registrar.

Clinical Pastoral Education (CPE) Tuition and Clinic/Hospital Site Fees

MDiv and MACM students may register and pay tuition to Northern for 3-6 hours of Clinical Pastoral Education as one option for their degree. Students may substitute CPE for up to two of the required Formation and Ministry Skills courses. In addition, students pay the supervising clinic or hospital all fees required by the supervising context. Students who have a credit balance on their Northern Seminary account may request a check for up to the full amount of the clinic/hospital fees (maximum amount of the check request will be dependent upon the exact balance in the student account). In order to request a check, a student must bring documentation of the clinic/hospital fees to the Business Office and complete a Student Account Check Request form.

Students who have successfully completed CPE prior to enrolling in seminary classes may request to have those credits transferred into their degree program by having the hospital send an official copy of their final CPE evaluation and certificate to the Supervised Ministry Office.

Students who do not have these CPE hours recorded on their official transcript from another graduate institution have two options: (1) Students who desire academic credit for CPE will pay Northern’s current tuition rate for each hour of credit that is applied to their transcript; or (2) the seminary degree CPE requirement will be fulfilled for 0 credit hours and the student may substitute an elective course or courses for the CPE credit.

Community Standards (See beginning of catalog following Mission/Statement of Faith)

Complaints Regarding Compliance with Accrediting Standards

Any student has the right to file a formal complaint related to the Seminary’s compliance with the accrediting standards of the Association of Theological Schools in the United States and Canada.
Such complaints should be submitted to the Dean of Academic Affairs in writing. It will be the responsibility of the Dean of Academic Affairs to investigate the complaint and respond to the student in writing within thirty days. A record of such complaints will be maintained in the Dean’s Office for review by the Association of Theological Schools. Complaints Regarding Harassment or Discrimination Procedure

The Seminary affirms its commitment to equality of opportunity, under God, for all individuals. There shall be no harassment or discrimination against any applicant, student or employee on the basis of race, color, national origin, sex, age, or handicap. This policy is intended to comply with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972 and 1992, Section 504 of the Rehabilitation Act of 1973, and the Age Discrimination Act of 1975.

Any person(s) who believes he, she, or they have a grievance on account of an occurrence of being harassed or discriminated against because of race, color, national origin, age, sex, or handicap shall, within 30 days after the occurrence, attempt to resolve it by either or both of the following actions: 1) conferring with the person(s) against whom he/she has the grievance; or, 2) conferring with the Senior Executive Director of Student Services, who serves as the designated Title IX and Section 504 Coordinator. [In accordance with Seminary policy, a student complainant may also report the complaint to the Director of Operations or the Dean of Academic Affairs. Anonymous reports may also be made to the Campus Conduct Hotline (https://www.campusconduct.com/) at 1-866-943-5787.

If resolution is not reached in the above manner, then the person shall make a written request to the Dean of Academic Affairs for a hearing with an ad hoc Grievance Committee, which written request shall set forth in detail the facts in connection with such harassment or discrimination. The
Committee shall be constituted as follows: the chair of the Committee and two staff members selected by the President, two students and two faculty members selected by the Dean of Academic Affairs. The Grievance Committee shall be constituted and meet for the hearing within 30 days of the date of the request for a hearing.

The person(s) who brings the grievance and the person(s) accused in the grievance shall have the right to present evidence, confront adverse witnesses, and be accompanied by an advocate who is a member of the Seminary community, and who will have a right to speak on his or her behalf. Although each party is entitled to seek legal counsel, no lawyers are permitted to attend the hearing. A written summary of the hearing shall be made and kept in the Dean of Academic Affairs Office. The summary shall be available for inspection by each party to the grievance and his or her advocate and/or counsel.

Confidentiality by all parties is to be maintained throughout the grievance procedure.

The Committee decision shall be in writing and a copy delivered to each person making a written request for the hearing and each person accused in the grievance, and a receipt obtained, which delivery shall be within five working days from the date of the conclusion of the hearing.

Each person making a written request for the hearing and each person accused in the grievance shall have the right to appeal any Committee decision to the President of the Seminary by written petition within 10 working days after receipt of the Committee decision. The President may, in whole or in part, dismiss the charges, modify the Committee's sanctions, if any, or otherwise act on the Committee's decision.

**Cross-Registration with ACTS**

Northern students are encouraged to take advantage of the wealth of educational resources available at the Association of Chicago Theological Schools (ACTS) seminaries. Upon completion of 12 hours of study at Northern, students may cross-register to any of these seminaries. For course listings see the ACTS website at [www.acts-chicago.org](http://www.acts-chicago.org). MDiv students are limited to 30 quarter-hours of study through cross-registration; students in the MACM program are limited to 21 quarter-hours. Tuition is charged at the Northern rate and payment must be made to Northern.

The appropriate electronic form (available online at [http://student.seminary.edu/students/registrar/registration-tools/cross-register/](http://student.seminary.edu/students/registrar/registration-tools/cross-register/)) must be downloaded and completed at the time of quarterly registration, and sent electronically via email to the Northern Seminary Registrar. Students who are in cross-registered classes are governed by the educational policies of the offering school. Grades are sent to Northern's Registrar by the ACTS seminary.

When selecting coursework for cross-registration, students should note that most institution’s courses start and end dates may be different from Northern's academic schedule. Please also note that because Northern must send a tuition payment to Bexley-Seabury Seminary Federation, Northern scholarship cannot be used for courses at BSSF.
Dean’s List

The Dean’s List recognizes students who have completed a minimum of 27 credit hours and who have achieved a cumulative Grade Point Average of 3.5 or higher. A letter of recognition is sent to these students at the end of the academic year.

Enrollment Status

MDiv and MACM students must be enrolled in at least 9 credits per term (27 credits per year) to be considered full-time.

MA cohort students are considered full-time as long as they enroll in the required course sequence for their program for the year.

Family Educational Rights and Privacy Act (FERPA)

The Seminary accords to students all the rights under the law to students who are declared independent. No one outside the institution shall have access to, nor will the institution disclose any information from students’ education records without the written consent of students except to authorized personnel within the institution, to officials of other institutions in which students seek to enroll, to persons or organizations providing students financial function, to persons in compliance with a judicial order and to persons in an emergency in order to protect the health or safety of students or other persons. All these exceptions are permitted under the Act.

Within the Seminary community, only those members, individually or collectively, acting in the students’ educational interest, are allowed access to student education records. These members include personnel in the offices of the President, Dean of Academic Affairs, Registrar, Advancement and Enrollment Management, Financial Aid, academic personnel, Board of Trustees, certain volunteers, and official committees within the limitations of their need to know.

At its discretion, the Seminary may provide Directory information in accordance with the provisions of the Act to include: student’s name, home and local addresses, home and local telephone numbers, e-mail addresses, photo, date and place of birth, dates of attendance, classification, program of study, degree received, church membership, physical factors, and the most recent previous educational agency or institution attended by the student. If students do not want their contact information listed in the seminary directory, they can indicate at the time of application or by contacting the Registrar’s Office in writing.

The Registrar at Northern has been designated by the Seminary to coordinate the inspection and review procedures for student education records which include admissions, resumes for placement, academic and financial files and records. Students wishing to review their education records must make written requests to the Registrar listing the item or items of interest. Only records covered by the Act will be made available within forty-five days of the request. Students may have copies made of their records with certain exceptions: a copy of the academic record for which a financial “hold” exists, a transcript of an original source document which exists elsewhere and previously waived rights to examine letters of recommendation for admission and placement. These copies would be made at the student’s expense and at prevailing rates.
Education records do not include records of instructional, administrative and educational personnel, which are the sole possession of the maker and are not accessible or revealed to any individual.

Students may not inspect and review the following, as outlined by the Act: financial information submitted by their parents; confidential letters and recommendations associated with admissions, employment or job placement, or education records containing information about more than one student, in which case the Seminary will permit access only to that part of the record which pertains to the inquiring student. The Seminary is not required to permit students to inspect and review confidential letters and recommendations placed in their files prior to January 1, 1975, provided those letters were collected under established policies of confidentiality and were used only for the purposes for which they were collected. Education records which are accessible to a student do not include records which are maintained by a seminary and contain information on the spiritual and psychological development of candidates for church vocations.

Students who believe that their education records contain information that is inaccurate or misleading or is otherwise in violation of their privacy or other rights, may discuss their problems informally with the Registrar. If the decisions are in agreement with the students’ requests, the appropriate records will be amended; and they will be informed by the Office of the Registrar of their right to a formal hearing. Student requests for a formal hearing must be made in writing to the Dean of Academic Affairs, who, within a reasonable period of time after receiving such requests, will inform students of the date, place and the time of the hearing. Students may present evidence relevant to the issues raised and may be assisted or represented at the hearing by one or more persons of their choice, including attorneys at the student’s expense. The hearing panel, which will adjudicate such challenges, will be appointed by the Dean of Academic Affairs. Decisions of the hearing panel will be final, will be based solely on the evidence presented at the hearing, will consist of written statements summarizing the evidence and stating the reasons for the decisions, and will be delivered to all parties concerned. The education records will be corrected or amended in accordance with the decisions of the hearing panel, if the decisions are in favor of the student. If the decisions are unsatisfactory to the student, the student may place in the education records statements commenting on the information in the records, or statements setting forth any reasons for disagreeing with the decisions of the hearing panel. The statements will be placed in the education records, maintained as part of the student’s education records and released whenever the records in question are disclosed.

Students who believe that the adjudications of their challenges were unfair or not in keeping with the provisions of the Act may request, in writing, assistance from the President of the Seminary. Further, students who believe that their rights have been abridged may file complaints with the Family Policy Compliance Office, US Department of Education, 400 Maryland Avenue SW, Washington, D.C. 20202, concerning the alleged failures of Northern Baptist Theological Seminary to comply with the Act. Revisions and clarifications will be published as experience with the law and the institution’s policy warrants.

Government Regulations

Northern Baptist Theological Seminary is a graduate theological institution with the primary purpose of preparing men and women as effective leaders in the Church. At the same time, it is also registered as a state-chartered institution of higher education to meet the requirements of Federal and State laws and ordinances. In accordance with Federal regulations, the sections on Educational Rights and Privacy and the Drug-Free Workplace Policy are included here. The Seminary administration seeks to function in accordance with standards of excellence that meet or exceed the standards of the Association of Theological Schools in the United States and Canada.

It is our concern and heartfelt prayer that those charged with the administration of the Seminary as well as all persons related to the Seminary, will conduct themselves in a manner that is appropriate for servants of Christ, especially in those matters which are legally supervised by government. Our intention is to seek to be models of Christian faith and integrity, and to strive to solve our misunderstandings in a spirit of Christian love and concern for the community. Our goal, insofar as possible, is aimed at reconciliation of differences, striving for justice and fairness for all persons in the Seminary.

Grading System

Course work is normally evaluated on the basis of letter grades:
- A = Outstanding
- B = Good
- C = Satisfactory
- D = Unsatisfactory
- F = Failure

Grades are given with a plus or a minus recorded on the transcript and calculated on a weighted four-point scale:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+ to A</td>
<td>4.0</td>

All required courses must be taken for a letter grade, but students may choose to take up to two general elective courses for Pass/Fail (see below). *Students have until the end of the next quarter to challenge a course grade or seek a grade change.*
All courses require a grade of C- or better to count toward graduation requirements. A grade below C- will require that the course be retaken. This applies to all master’s and Diploma students regardless of start date. Coursework completed prior to Fall Quarter, 2013, will not be subject to this policy.

**Grading Scale**

The following grading scale will be used in all Northern Seminary classes.

*NOTE: All courses require a grade of C- or better to count toward graduation requirements. A grade below C- will require that the course be retaken. This applies to all master’s and Diploma students regardless of start date.

**Graduation Requirements**

All degrees are conferred by vote of the Board of Trustees on the recommendation of the faculty. Such recommendation is based not only on the fulfillment of the minimum course requirements, but the quality and coherence of the student’s program, including assessment reviews with faculty and peers.

Other requirements include:

1. Satisfactory completion of all academic requirements, including supervised ministry, clinical components, and assessments. The last 30 hours of study must be completed through coursework listed on Northern’s academic schedule or the ACTS catalog. A minimum of 33% of the courses in the MDiv program or 50% of the courses in the MACM program must be completed on Northern Seminary’s center.

2. Students may walk at commencement if they have only 1-2 courses left or are in the process of completing an approved thesis (all-but-thesis), which will be completed no later than the coming Fall quarter. All students participating in commencement will be handed an empty graduation diploma holder, and their actual diploma will be mailed to the student once verification is made of the following:
   
   a. All monies owed to Northern Seminary are paid in full
   b. All course/thesis are completed and have received a minimum required grade.

3. Completion of all degree program requirements in no more than seven years from the time of matriculation for an MDiv and six years from the time of matriculation for other master’s programs.
4. A minimum cumulative grade point average of 2.0 is necessary for graduation in the MDiv, MAW, MA-UL, MA-CCD, and MACM, 2.7 in the DMin Program, and 3.0 in the MA-AB, MA-AS, MANT, and MATM.

5. A student must submit the “Application for Graduation” to the Registrar’s office by February 1 of the year they intend to graduate.

6. The name printed on the diploma will be the legal name that is listed in Northern’s student information system, allowing for the first or middle name to be an initial or deleted. Requests for an official name change on the student’s diploma must follow the process for an official name change. (see Changing Your Name)

7. Clearance with the Business Office and Library of all financial obligations to the Seminary by May 15 of the year of graduation.

8. Students who are receiving federal loans must complete the exit counseling online by going to the National Student Loans Data System (NSLDS) at www.nslds.ed.gov and selecting the “Exit Counseling” link.

9. Completion of the Graduating Student Questionnaire. A request to graduate in absentia must be approved by the Registrar no later than the first Friday in May.

Inclusive Language

The Seminary is committed to the equality of men and women in all areas of life. The use of inclusive language in reference to human beings in all oral and written communication by all members of the Seminary community is expected.

Independent Study

An independent study course may be negotiated with a member of the regular, affiliate or adjunct faculty of the Seminary for any quarter of the academic year. Independent Studies are not permitted for regularly scheduled courses at Northern or for courses available from the ACTS seminaries. Only students who have earned at least 24 credit hours at Northern and who have a 2.75 cumulative grade point average or better will normally qualify for an Independent Study. A maximum of four Independent Studies toward the MDiv degree or a maximum of two Independent Studies toward a two-year degree will be approved.

The student must register for the Independent Study at the prescribed period of registration and submit an “Independent Study Contract,” including an attached bibliography, to the Registrar. The contract must be filled out by the student and signed by the supervisor and the Registrar. Independent Studies require similar levels of academic work when compared to a course carrying the same number of credit hours and are subject to the same rules and regulations as regularly offered courses. Faculty supervisors exercise their own discretion in accepting Independent Studies. A $150 administrative fee will be charged for each approved Independent Study.
Language Credit

A maximum of nine quarter-hours may be earned in Hebrew and/or Aramaic and nine quarter-hours in Greek for 300-level language courses. No academic credit may be earned for language studies apart from the biblical languages.

Late Work and Grade of Incomplete

All course work must be completed by the deadlines stipulated by course instructors. The following policy has been adopted to cover those instances when deadlines cannot be met for the completion of coursework within the duration of the course:

1. The student must secure approval to take an incomplete from the course instructor on a form provided by the Registrar’s Office. Any prior requests for a grade of incomplete for the previous term must be completed and the grade received before requesting another incomplete.

2. The instructor and student may negotiate a due date and the grade will normally be reduced one letter grade. The maximum extension is to the last day of the following term, or until September 20th for the summer term.

3. The request for an incomplete, with approval signatures (the instructor and Director of Student Services), must be filed with the Registrar’s Office no later than 4:30 p.m. on the last day of the quarter. Failure to do so will result in a grade of “F” on the incomplete work.

4. Upon receipt of the completed request, the student will receive an “I” (Incomplete) for the course grade until such time as the grade is turned in by the course instructor, or until the agreed deadline.

5. If the instructor does not submit a new grade by the end of the term following the term in which the course was taken (or three months in the case of summer), the Registrar will change the “Incomplete” to a grade of “F” or “No Credit” (for a Credit/No Credit course).

6. An incomplete must be made up before May 15 of the year in which the student intends to graduate.

7. A $35 fee will be charged for each approved incomplete.

Leave of Absence/Continuing Registration

Students in an MDiv or a master’s program are expected to be enrolled, at least on a part-time basis, in each quarter of the regular academic year in order to maintain steady progress toward the completion of their program. In the event that a student believes that such progress must be temporarily interrupted and that it is not possible to enroll as a part-time student in a regular academic term (Fall, Winter, and Spring quarters), the student must submit a completed “Request for Leave of Absence” form to the Registrar before the beginning of the term for which the leave is requested indicating the reasons for the request and the duration of the leave. (The Leave of Absence form is available online at http://student.seminary.edu/registrar-forms/) A leave of no less than
one quarter and of no more than two consecutive terms may be requested. Zero-credit courses do not count toward enrollment. Students on leave of absence do not qualify for deferment of their student loans. A student’s financial aid may be decreased or discontinued as well.

A fee of $50 will be charged each term of the leave which will maintain one’s student status. This fee will cover the same activities generally covered by the registration and technology fees, and will guarantee the student access to center resources such as the library, computer lab, advising time, etc., during the approved leave of absence.

Any student who fails to secure an approved leave and who fails to enroll in a subsequent academic term, or who fails to re-enroll at the expiration of an approved leave, will be considered as having withdrawn and will have to reapply for admission. In the case of reapplication and admission, and in the event curriculum changes have occurred during the unauthorized absence, the readmitted student will be subject to curricular requirements in place at the time of readmission. Any questions regarding Leave of Absence should be directed to the Registrar’s Office.

**Master’s Program Policies**

The Master’s Committee is charged with primary responsibility for the formulation and supervision of policies and procedures which implement the educational goals of the curriculum as developed and monitored by the faculty in dialogue with students. The Committee has authorized the Registrar to decide all student requests that clearly fall within the guidelines of established policies. The Dean of Academic Affairs is ultimately responsible for the implementation and administration of educational policies recommended by this Committee and approved by the faculty.

A student is responsible for the curricular requirements in effect at the time he or she enters a degree program. Any changes in degree requirements during a student’s program will not be retroactive unless the Registrar so approves and grants to students the possibility of changing curriculum. In such a case, the student will have to meet all the new degree requirements and so indicate in a formal letter in which the reasons for changing curriculum are given.

Educational policies and procedures apply to all students uniformly. Changes in these policies and procedures will normally be made at the beginning of a new academic year or quarter. Those changes which do not directly give advantage or disadvantage to any students may go into effect immediately upon the faculty’s approval.

**Normal Course Load**

Full-time study for MDiv and MACM students is 9-12 quarter hours per term. In order to complete the 108 credit hours required for the MDiv program in four years, students will need to average approximately 9 credit hours per quarter. Many students, however, find it difficult to do quality work while carrying that many hours in addition to other responsibilities. Students should work with their academic advisor to develop a realistic plan of study. Enrollment Advisors may authorize up to 12 hours of credit per quarter. Any student registering for more than 12 credit hours must secure the approval of the Dean. In calculating a course overload, audit hours will be computed at one-third the value of credit hours.
Northern Live Courses
Northern Live courses are offered during the normal academic term and are indicated on the course listing as Northern Live.

Online Courses

Online courses are offered during a normal academic term and are indicated on the course schedule by an (OL) following the course number. The tuition is the same as a regular course.

Pass/Fail

Students who wish to make use of the Pass/Fail grading option may choose to take up to two courses for grades of P (Pass) or F (Fail). Students making use of this option are held to the same standards of performance within the courses as all the other students and must complete all the same coursework. This option creates only two differences, both of which take place after the completion of the class and all coursework. The first is that the instructor will assign a grade of CR (Credit) or NC (No Credit), rather than a letter grade. The second difference occurs when the grade is applied to the student's transcript. The grades of CR and NC are not figured into the student's Grade Point Average (GPA). Thus, such a class will have no impact, positive or negative, on the student's GPA. In the event that a student earns a grade of NC in such a class, the instructor will provide a written evaluation of that student's work in place of a grade.

In order to take a course for Pass/Fail, students should indicate to the Registrar their intent to make use of this grading option when registering through the student portal. Students have until the end of the first week of the quarter to change the basis of course evaluation from letter grade to Pass/Fail. Heritage area courses (listed below) may not be taken on a Pass/Fail basis. Instructors may also designate that their individual courses may not be taken on a Pass/Fail basis.

The following core courses may not be taken on a Pass/Fail basis:

- CH 301 Early and Medieval Christianity
- CH 302 Reformation and Modern Christianity
- CH 305 History of Christianity Survey
- CH 407 History of American Religion
- IN 304 Intro to Biblical Interpretation
- NT 307 The Gospels and Acts
- NT 308 New Testament Letters and Revelation
- OT 307 The Pentateuch, Poetry, and Wisdom Books
- OT 308 Historical Books and Prophets
- OT 458 Old Testament Theology
- TH 301 Christian Theology I
- TH 302 Christian Theology II
- TH 303 Theology of Church and Culture
Probation (See Academic Probation)

Registration and Enrollment Deposit (See Payment Agreements)

Official registration must be completed by Friday of the first week of classes of each quarter: Winter 2021 by November 1, 2020; Spring 2021 by February 14, 2021; Summer 2021 and Fall 2021 by May 11, 2021. A late registration fee of $100 will be charged after these dates.

A Registration and Community fee of $125 will be charged for each quarter of the regular school year. Registration fees help cover classroom, technology and library services. Community fees go toward student events, chapel, Student Commons supplies, and community dinners. Registration and community fees are non-refundable.

A student’s total account must be paid in full before registration for the next quarter will be authorized (see Student Accounts on page 88 for details). Unpaid accounts will be placed under financial lock to prevent further registration.

Newly admitted students must pay the enrollment deposit before registering for classes. The deposit is $250 for master’s students and $500 for doctoral students.

Releasing Student Information

Northern Seminary’s policy on releasing “directory” information (name, address, phone, email, degree, enrollment status, dates of attendance, etc.) is that we do not confirm or release any student information over the phone to a third party. All legitimate requests for information must be in writing and sent to the appropriate office for a response.

If a student requests “personal” information over the phone (account balance, registration status, grades, copier codes, etc.), he or she must correctly supply the student name, student ID and address before the information can be given. If they request the information in person, they must match the photo in Populi, or they must provide their student ID number. Personal information cannot be released to a student’s spouse or church unless the student has signed a release form permitting this and the third party can supply the same three pieces of security information (name, ID, address) correctly.

Required Heritage Courses

Northern degree students must take the required Heritage courses (Old Testament, New Testament, Church History, and Theology) at Northern. In unusual circumstances where exceptions are sought, a substitution for a course must be approved by the Northern faculty member teaching the heritage course and the Registrar.

All courses must receive a grade of C- or better to count toward graduation requirements. A grade below C- will require that the course be retaken.
Retaking a Course to Raise the Grade

A course can be retaken once but not as an Independent Study. To retake a course you must have the Registrar’s approval, register for the course and pay tuition and fees. Financial aid will not apply. The grade for the previous course will remain on the student’s transcript, however, the higher grade will be computed in the student’s GPA from the time it is earned, and only one course will count toward credit hours for graduation.

Security and Crime

For your own safety, use common sense in all matters of personal safety. Always lock your vehicle and do not leave valuable items in plain sight inside the vehicle. If you observe anyone involved in a suspicious or dangerous activity, report them to the Lisle Police immediately by calling 911. If you don’t feel safe walking to or from your vehicle, walk with a companion.

Students are encouraged to determine where fire alarm boxes, fire extinguishers, fire hoses, and stairways are located. If emergency sirens sound, immediately take appropriate action (fire alarm: exit building; tornado: seek shelter away from windows).

The Crime Awareness and Campus Security Act of 1990 requires institutions of higher learning to report statistics on certain criminal activities. Northern keeps official statistics of any criminal activity which happens on site which involves a student or employee while functioning as a member of the Seminary.

The following criminal activities must be reported: murder, rape, robbery, aggravated assault, burglary, or motor vehicle theft. The Seminary also maintains statistics concerning the number of arrests for the following crimes occurring on site: liquor law violations, drug abuse violations, and weapons possessions. All criminal activities listed above must be reported to the Director of Operations.

The full Annual Security and Fire Safety Report can be found at www.seminary.edu/safety.

Sexual Assault – Victim Rights and Services

(see Sexual Violence Policy – pg. 12)

Smoking

Northern Seminary’s entire centers are designated as a non-smoking area; therefore, smoking is prohibited in any area of the centers including classrooms (also including off center classrooms and Northern Live), restrooms, hallways, and outside buildings. This includes e-cigarettes.

Student-at-Large

A Student-at-Large who desires to be admitted to degree standing must make formal application to the admissions office for degree status before exceeding 12 hours of credit. Persons who do not wish to complete a degree may be advised to enroll in the Graduate Certificate program.
Student Portal

All students are assigned a seminary email and password which are used to log into the Student Portal from Northern’s website at https://seminary.populiweb.com. Pre-registration for the entire academic year and tuition payments may be done through the student portal as well as printing unofficial transcripts and grade reports.

Technology Use in the Classroom

The use of electronic devices in the classroom must be in connection with matters related to classroom activities only.

Time-Limit for Completing Program Requirements

The time-limit for completing the MDiv program is seven years; for the MA programs and the MACM program it is six years. If a student cannot complete their degree program in the allowed time, they must send a letter to the Master’s Committee requesting a program extension. Such extension must be approved by the faculty.

Transferring from Undergraduate Programs

Students in professional degree programs, MDiv, MACM, MA-UL, MAW are eligible for advanced standing (see Advanced Standing – pg. 31). For students in academic degree programs, (MA-AB, MA-AS, MA-CCD, MANT, MATM) no credit can be given for work which was applied to an undergraduate degree. Such work, however, may be the basis for waiving an introductory level course (300 level) and taking an advanced course in the same area. Students must secure faculty permission from a regular Northern faculty member teaching in the discipline. That faculty member must supply written notification to the Registrar, stating the course(s) to be waived and giving approval for substitution.

Transferring from Other Graduate Programs

Transfer credit will be considered by the Registrar upon formal request following application to the seminary. For master’s degree programs, theological work from an ATS-accredited school or from seminaries in other countries which can be legitimately evaluated will be considered for transfer credit. Up to 50% of a previous master’s degree can be transferred into a Northern master’s program. Only B- level grades or better or “pass” will be considered for transfer. Normally transfer credit that is more than ten years old will not be accepted.
Graduate level credit will also be considered from schools accredited by the US Department of Education for transfer into a master's program. Credit for transfer will be determined by the Registrar.

In the case of required Heritage courses for a degree program, transfer credit can only be applied if the Registrar judges a course from another school to be equivalent to Northern’s required courses. The student may be asked to provide a course syllabus for review by the Registrar and the professor from the discipline in question.

Transfer students must take at least 33% of their classes at Northern for the MDiv or 50% for the MA programs.

For students in the Graduate Certificate program, transfer credit will be evaluated on an individual basis. Coursework from non-ATS accredited institutions may be considered for transfer. There are no location restrictions, so coursework may be completed at any Northern location.

**Tuition Refunds**

Changes in registration after drop/add week, including dropping a course, must be approved by the Registrar. In the case of approved course drops, tuition refunds for all students including those on full scholarships, will be granted as follows:

Veterans Readmission

Northern Seminary is required to readmit veterans who have left in order to perform military service. The veteran is to be readmitted with the same academic status he or she had when last in attendance at Northern and will be allowed to enter the current equivalent of the original degree program. In most cases, the length of the absence from Northern Seminary cannot exceed five years. This bill was signed into law on August 14, 2008. Exceptions to the law include veterans receiving a dishonorable or bad conduct discharge, or veterans sentenced in a court-martial.
Master’s Course Descriptions

Courses are listed with both a letter prefix and a number. The prefix denotes the area of study and the number identifies the level of instruction. There is no greater need in the body of Christ today than effective church planting. Increasing secularization, the rate of change accelerated by the introduction of new technology, sustained globalization, and the proliferation of a variety of religious faiths and pluralistic philosophies have combined to drive many communities of Christian faith into a posture of disengagement from culture. The result has been irrelevance and decline in church involvement, especially among the younger generation. 7015 “Becoming Doctors of the Church”
When it comes to the Scriptures, who is the expert and what should that mean for the church today? By considering the influence of scribes and prophets during Second Temple Judaism and Early Christianity and the dialectical relationship between texts and oracles, we are going to study the role of the teacher in New Testament times. Our study will include a historical description of the scribe, their role in early Judaism, their relationship with Jesus, and their influence in the early church. We will also consider the silence of the prophetic voice during the inter-biblical period, the re-emergence of the prophet in the ministries of John and Jesus, and the role of the prophet in early Christianity. Questions regarding literacy in the ancient world, the privileging of texts in Judaism and Christianity, and the emergence of expert interpreters as guardians of oral tradition will help us determine the differences and similarities between the teacher then and now.

7045 “Biblical and Theological Method”
The New Testament in Context DMin focuses on combining historical method – exegesis and interpretation in historical context – with theological study. DM 7045 works out a consciousness about method by doing theology in historical context. The focus in this class will be a biblical and theological method as worked out in a biblical book. For example, the course could focus on slavery both as constantly present in the Bible and as something to be examined theologically for what to make of what the Bible says for the church today. It would examine what to make of a practice (slavery) that is not condemned in the Bible but which we now consider to be morally wrong.

**7850 “The New Testament and its World 1”**
This course will study the world of Jesus and the Gospels. The seminar will focus on five topics, one per day: Sexuality, Torah Observance and Ethics, Eschatology, Judgment and Hell, Social Realities, and Jesus and Judaism. These issues can be controversial in our day, and we examine them in their historical contexts.

This course will examine earliest Christianity in the context of Greco-Roman religions. This seminar builds on the previous courses on Judaism, Jesus and earliest Christianity. This course will extend the previous study of Judaism and the Greco-Roman world into the world of the apostle Paul. We will look especially at the similarities and differences between early Christianity and Roman religion, Greek religious influence, Jewish religion, Foreign/imported cults and mystery cults, Household religion, and the Imperial cult (“Divine Honors for the Caesars”). Key questions we will examine overall: What made Christianity distinctive? What made it dangerous and offensive? What made it attractive and inviting?

Students of the Bible are always striving to understand the Bible in its original context while making connections to their own contexts. Key to such contextual analyses are the topics of race and ethnicity. This course seeks to develop a biblical theology of race and ethnicity by considering these questions: what is meant by race and ethnicity, particularly in antiquity? How do race and ethnicity relate to slavery? How our understanding of race and ethnicity inform the contemporary Christian church?

**7015 “Becoming Doctors of the Church”**
This seminar considers how ethnography might be employed as a pastoral discipline. Students will be introduced to the process of applying systematic ethnographic methods in a congregational setting. Ethnography typically involves the observation and study of people in their natural settings. Here we focus on churches and their contexts (neighborhoods, districts, towns, cities). The course will also introduce students to the scholarship of engagement through a central, culminating project that will engage the students in the study of a local congregation. These original ethnographic studies of congregations will give particular attention to two aspects: (1) the nature of a church as a social institution and (2) the vision of society that is implicit in the
practices of the congregation. Throughout the course we will be building a theoretical and analytical “toolbox” for considering the church as a social institution embedded within a wider societal context. The “toolbox” will, hopefully, allow students to attend to the actual life of the church and, in turn, process those patterns and habits through a theological lens that allows for strengthened congregations.

7045 “Methods in Biblical and Theological Reflection”
Each of us lives and acts according to our own convictions, however explicit or implicit. This course seeks to enhance our ability to serve in ministry by integrating sound theological understanding into the practice of ministry leadership. Particular attention is paid to the integration of scripture, reason, tradition, and experience in our theology and ministry. To this end, the course moves from these sources to theological reflection, with a focus on ministry and leadership the local context.

7060 “Thesis Design and Research Methodologies”
The Thesis Design course will assist students at the thesis stage of their program in the conception, formulation, research process, preparation and writing of an acceptable thesis proposal. The course will provide step by step instruction concerning the various segments of the thesis proposal and will assist the student in formulating the required sections of the proposal.

7613 “Incarnating the Gospel in Culture”
Gracious and effective communication of the good news of the Christian faith involves the complex interplay of many factors. Drawing from studies in holistic missiology and socio-cultural studies, participants in this course will engage in an exegesis of culture, an exploration of the mandate and means of gospel communication, and the development of skills in both speaking and embodying the gospel message.

7614: “Renewing the Practices of the Church: The Mission Shaped Church in Post Christendom”
This course serves as the introduction to core theological and cultural concepts that shall guide the program. The practices of the North American protestant church in the twentieth century have largely been dependent upon Christendom assumptions that make Mission a program of the established church. The theology of Missio Dei however calls these assumptions into question. The onset of new post-Christendom contexts of N America presses the church for a fresh approach to cultivating ‘church’ in ways not dependent upon Christendom. This course examines the assumptions of culture engagement, the practices of the church and how each practice is dependent upon these assumptions. We then explore how we might lead/reorient them to foster Christian communities of Mission in the post-Christendom contexts of N America.

7616 “Missional Leadership: A Theological Imagination and a New Practice”
This course proposes a leadership praxis framed around a missional hermeneutic. The framing of such praxis must be grounded in an understanding of God as the primary agent in the world. Engaging such biblical themes as creation, incarnation and kingdom it argues that the primary understanding of leadership in our time must be transformed from that of technocratic rationality to be shaped by the metaphor of ‘space-between’. The primary work of leadership is to
continually stand in this ‘space-between’ asking “what is God about among this group of people who comprise this local community of God’s people in this particular time?”

7618 “The Bible in Context”
The contextual theologian must both understand the Bible in its original context and be able see his/her own context through the Bible. He or she must be able to move from the text to interpreting his/her local context through the lens of what God is doing as revealed in the Bible. In this ability to see context through the Bible, one must acknowledge how one’s own gender, ethnic history, tradition shape and influence one’s hermeneutic in understanding the Bible. With a sensitivity to these hermeneutical issues, this course will examine the following three key themes of the Bible: Gospel, Salvation, Mission of God.

This will be accomplished by attending the CCDA conference. This course examines the concepts and practices of Christian Community Development, especially for culturally and economically diverse communities. The course provides a theological foundation for engagement in wholistic community development. Participants will be introduced to the principles and strategies of resident-based community organizing, collaboration and mobilization, the role of the church in community transformation, leadership development and community exegesis, and understanding of the ramifications of institutional racism as an impact on urban communities. The conference course provides theoretical and practical skills for the participants to negotiate leading with justice and compassion in difficult situations.

7821 “Understanding Poverty and A Biblical Theology of Overcoming”
Poverty is a reality and a way of life for millions of people in our world. The gap continues to widen between the rich and poor both in the underdeveloped world but also here in the United States. How can there be such abject poverty in a world created by a loving God? This class will study poverty and its effect on our world. A study of both Old Testament and New Testament passages will show God’s heart for the hurting and poor. The Biblical theology of poverty gives us a mandate as Christians to live life in community with the church and help as well as care for the poor. This course provides theoretical and practical skills for the participants to negotiate the immersion experience in the Lawndale Community of Chicago or Kenya.

7822 “Race, Reconciliation, and Reparations”
Race continues to be a huge divider of people. Fifty years after the Civil Rights movement and the Civil Rights legislations... and we still struggle. In fact, things may even be worse today. This class builds off of the course, Community and Economic Reconciliation, and delves into more solution-based discussions. Race is a construct that has been used to oppress people for centuries. We will deconstruct race and pursue resolutions that can have lasting implications. The Christian Church and Community has been given the ministry of reconciliation and is called to lead our world in the practice of reconciliation. Again, this course will work to devise answers and practical actions to bring true healing to the racial healing. Reparations is one of the practical solutions and this course will look at creative reparations for people and people groups that have been harmed in America.
This class will continue to use the principles of Christian Community Development. This will be accomplished by class sessions in Lawndale. Every student will grasp how to apply the principles in practical productive ministry.

Preaching Class Listings

7015 “Becoming Doctors of the Church”
This is the foundational core course that helps clarify a ministry issue which will serve to focus the DMin project and thesis. Particular attention is given to addressing an issue of strategic leadership that preaching and worship will address at the thesis stage. Participants will grow in confidence in their leadership and vision by expanding their work from DM 7751. Particular attention will be given to the role of telling stories, shaping narratives, memorizing, and paraphrasing scripture, delivering sermons and speeches from memory, and improvising sermons, prayers, and speeches in public and liturgical spaces. Students will be invited to reflect and write on how their theological convictions can inform a doctrinal series.

7045 “Biblical and Theological Method”
Each of us lives and acts according to our own convictions, however explicit or implicit. DM 7045 seeks to enhance our ability to serve in ministry by integrating sound theological understanding into the practice of ministry leadership. Particular attention is paid to the integration of scripture, reason, tradition, and experience in our theology and ministry. To this end, the course moves from these sources to theological reflection, with a focus on ministry and leadership the local context. Particular attention is given to addressing one’s theology of preaching and developing a pattern of sermon exegesis for use in a local congregation.

7060 “Thesis Design and Research Methodologies”
The Thesis Design course will assist students at the thesis stage of their program in the conception, formulation, research process, preparation and writing of an acceptable thesis proposal. Special attention is given to the integration of the theological disciplines into the writing of the thesis proposal and final thesis and the integration of the preaching and worship life of the local congregation into the thesis. The course will provide step by step instruction concerning the various segments of the thesis proposal and will assist the student in formulating the required sections of the proposal.

7751 “Preaching in the Ancient World”
Preaching is a multimedia experience of delivery and reception. Since the first century, preaching has involved oral, visual, written, and auditory forms of communication, retention, and community formation. Congregations participated in the experience, and the preacher and the listeners were shaped together by the preparation and resurrection power of the proclamation.

In this seminar, students will examine preaching from the perspective of the ancient churches and discover how they can apply these methods to the practice of studying and delivering sermons from scripture. Students will learn to study scripture passages using methods from oral, rhetorical, and biblical performance criticism; to examine the role of the ancient audience in the
reading of texts and preaching of sermons; to reflect on the importance of these methods for biblical preaching today; and to practice these methods on their congregation.

7752 “Preaching in Jesus’s Context” (x-listed with DMin 7853 “Education beyond the Books”)
This is a trip to Israel

7753 “The Preacher as Worship Leader”
We explore the preacher as worship leader in the following areas: the preacher’s importance, purpose, mission, distinctives, and power. We explore the historical aspect of Christian worship, the sociological aspect of preaching, the theological functionality of the preacher, and the ecclesiological aspect of worship. We discuss the concepts of the New Kind of Preacher model and help the preacher form a preaching and worship planning group in the congregation. This group addresses the person of the preacher and the formation of the congregation as much as the content and outcome of the message.

7754 “Prophetic Preaching to Audiences and Cultures”
From issues of sin, racial reconciliation, justice, cultural change and congregational needs, preachers have multiple audiences and multiple needs. As preachers, we are called to be representatives of God, speaking on God’s behalf to the churches as well as the cultures in which we live. Therefore, in this course, we will explore Prophetic Preaching from a Biblical perspective, all it sought to accomplish in ancient times to discern how we are to use it today to address and confront the sin and injustices we face. We do this to bring justice, reconciliation and peace to the many and varied contexts to which we are called to speak. We will also discuss the role of the listener in preaching and how preachers prepare to understand their audiences and adapt their messages.

However, to qualify for this provision, such students may be required to:

- Produce the VA’s Certificate of Eligibility by the first day of class;
- Provide written request to be certified;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies (see our VA School Certifying Official for all requirements).
